High Quality Medical, Vision, and Dental Plans at Incredible Rates

We partner with Aetna to offer your company the types of plans and prices which are usually only available to large corporations. **Because you deserve them too.**

Your team deserves the best. Our plans with Aetna mean that employees get access to high quality care from the providers they love—at more affordable rates. Here are a few reasons to love Aetna:

For Employers

National Coverage

Our Aetna plans offer the best of both worlds: access to a national network at competitive rates. So our plans can do right by employees everywhere in the U.S, even when they're traveling, at rates that do right for business.

Big Company Benefits

Justworks is a PEO, or Professional Employer Organization. That means, when a business joins Justworks, employees will have access to our large group health insurance policy through Aetna. Think more plan variety and richness at enterprise-level rates.

For Employees

No Referrals Needed

Because our Aetna plans are non-gated, employees can see specialists immediately.

Family Friendly Plans

Embedded deductibles mean individual family members only need to meet their individual deductible for after-deductible benefits to kick in.

Aetna's HMO Network CALIFORNIA ONLY

HMOs establish a local network of doctors, hospitals, and specialist providers. HMOs help keep costs tight by having all your providers, who have agreed to certain lower rates, under one umbrella.

Why HMO?

If you are looking to offer your team a close-knit group of physicians for all their medical care needs, the HMO is for you. As a Justworks customer, you may also offer access to other Aetna plan types to create a benefits package that suits your team.

Health Insurance Glossary

In this section you'll find some definitions you may find helpful for navigating this guide.

Health Insurance Glossary

Dental Insurance

All of the dental insurance plans accessible through Justworks will fall under one of the below:

- **Aetna Dental DMO (DMO/DNO):** A limited network of providers. The DMO plan does not allow for coverage outside of the network. Aetna requires that you elect a primary care dentist in your Aetna Navigator account before receiving coverage through the DMO network.
- **Aetna Dental PPO (PPO with PPO/PDN II):** Allows for access to both in-network and out-of-network providers. A referral is not required to see a specialist and you don't need to pick a primary care provider.
- **MetLife Dental PPO (PDP):** Allows for access to both in-network and out-of-network providers. Please note that MetLife has a different network of providers.

EPO

Exclusive Provider Organization; provides in-network coverage only without pre-authorization (exception in life or death emergencies)

HDHP

High Deductible Health Plan; these plans have a deductible of at least \$1,350 and an out-of-pocket maximum on in-network expenses of \$6,650 for the employee-only tier of coverage. With the exception of preventative care, the coinsurance and all cost sharing will not apply to any services before the deductible has been met.

Out-of-pocket Maximum/ Payment Limit	<p>This is the most you would have to pay for qualifying services in a calendar year. The carrier covers 100% of the cost for qualifying claims after this is exceeded. Once you've met this amount, the carrier will generally cover 100% of subsequent procedures and charges. The plans accessible through Justworks have embedded out-of-pocket maximums.</p>
PCP	<p>Primary Care Provider (e.g. family/general practitioner) you coordinate care through.</p>
PPO	<p>Preferred Provider Organization; a healthcare organization that has agreed to provide health care through a network. Care may also be provided by out-of-network providers but higher fees may apply.</p>
POS	<p>Point of Service; provides in- and out-of-network coverage. Traditionally speaking, POS plans are "gated," meaning a member must choose a PCP who is the "point of service." All Aetna POS plans accessed through Justworks are "open access," meaning participants do not need a referral from a PCP to see a specialist.</p> <p>As with PPOs or any other plans covering both in- and out-of-network services, if you choose to access health care services outside of your network, you'll have higher out-of-pocket costs, and not all services may be covered.</p>
Premium	<p>This is the monthly cost of your health insurance plan. Employees may pay their portion of the premium on a monthly, pre-tax basis. Your employer may or may not contribute an amount towards your premium. Premiums are based on four tiers:</p>

- Employees only/individual
- Employees + spouse/domestic partner
- Employee + child(ren)
- Family (employee + spouse/domestic partner + child(ren))

Vision Insurance

All of the vision insurance plans accessible through Justworks will fall under one of the below:

- **Aetna Vision (Aetna Vision Preferred)** - Allows access to in-network providers with limited reimbursement for services received out-of-network
- **MetLife Vision (MetLife Vision PPO)** - Allows access to both in-network and out-of-network providers. The reimbursement for out-of-network coverage is lower than the same services received in-network so you'll want to reference the plan document for reimbursement details.
