DESCRIPTION

Swing 17 is built for professionals who demand durability, power, and reliability. Its handle locking system eliminates the constant adjustments common with traditional friction locks, delivering a secure, rock-solid feel in operation. Constructed with heavy-duty steel and outfitted with true commercial-grade components, the Swing 17 features a high-quality power cord, ergonomic grips, and a reinforced steel handle assembly designed to withstand daily use in demanding environments. At its core is a powerful 1.5 HP dual-capacitor motor that delivers consistent torque and performance under load.
