Operation Method	Manual

DESCRIPTION

The DF10 Electric Single-Disc Floor Grinder is a compact, lightweight powerhouse built for precision and portability. Featuring efficient gear transmission and an onboard inverter for consistent power delivery, it accelerates grinding performance in small spaces and tight edges. Its foldable design makes transport and storage effortless—even on stairs or in cramped areas. Ideal for speedy edging and detailed work, this grinder also includes integrated LED lights for enhanced visibility and a dust-proof shroud to keep work areas clean and safe. Perfect for fast, focused surface prep.
