

Create reports that people want to read

Old world

- Online documents and spreadsheets
- Linear, long form, static
- No search or engagement measurement
- Complex and hard to understand

New world

- Digitally native
- Flexible, interactive, and customisable
- Searchable, with full engagement analytics
- Easy for everyone to understand

Measurable engagement and feedback

+5000% engagement

From 70-90 downloads to 4000+ sessions and 24,000 page views

+400% time spent

Average time spent on websites is 54 second (HubSpot). OrbViz' average is 4.5 minutes
