

THMA Spring 2026 Orthopedic Forum

May 6–8, 2026

Pier Sixty-Six, Ft. Lauderdale, FL

THMA Orthopedic Forum

The Orthopedics Service Line Forum brings together system-level orthopedic service line executives (physician and administrative leaders) from Leading Health Systems nationwide and thought leaders from the most innovative healthcare companies for an intimate, retreat-style annual summit meeting. Additionally, there are select opportunities to host virtual roundtable discussions across priority topic areas shared and led by your peers. Operating on shared and experiential learning principles, best practice sharing, and group problem-solving, the Orthopedics Service Line Forum addresses key topics such as optimizing OR efficiencies, meeting data reporting requirements, maximizing the APP workforce, and effective call coverage strategies. Participants can expect to gain actionable insights and foster meaningful relationships that drive transformative change.

The Value of THMA Industry Convening

Bringing health systems and industry companies together to drive change through retreat-style forums is what we've specialized in for the past 25 years.

Join us this Spring and build genuine relationships through intimate discussions, collaborative problem-solving and thought leadership exchange.

"In the seven plus years we've been members, we had new partnerships that formed from people that we got to meet here for the first time."

Zach Corrigan

Sr. Vice President
 US Acute Care Solutions
 THMA Industry Partner

THMA Spring 2026 Orthopedic Forum

Key Orthopedic Forum Topics

- **Washington Update:** The Health Management Academy's policy research team will share timely insights on policy updates and their potential implications on the healthcare industry while offering strategies to adapt to a rapidly evolving regulatory landscape.
- **Service Line Leadership Structures:** Explore the evolution of service line leadership models and its impact on navigating complex operations and partnerships. Gain insight into what service line leaders directly control—and discover ways to expand your influence at the system level.
- **OR Efficiencies and Leveraging AI:** Discover how orthopedic service lines are currently harnessing AI technology to enhance operational OR efficiencies and improve care delivery.
- **Aligning Ambulatory Surgery Centers with Health System Goals:** Explore strategies to integrate ASCs seamlessly into broader health system priorities, aligning them with quality, safety, and financial incentives to drive sustainability.
- **Integrating Value-Based Care:** Join your peers for an engaging dialogue on applying value-based care principles into orthopedic service lines, highlighting best practices to enhance care coordination and cost efficiency.

Unique Experiences with True Peers

Intimate, exclusive peer network. A safe space for candid conversations not shared beyond the group.

Retreat-style events, featuring large and small group discussions.

Member-driven and member-led content, focused on top-of-mind issues.

A family member or friend is welcome to join complimentary activities, including meals, to foster personal relationships.

Limited opportunity is available and is reserved for companies wanting to partner with Leading Health Systems with operating revenue of \$2B or more.

We will contact you with additional information within the next few days if your company is the right fit for this exclusive opportunity.

About Us

Since 1998, The Health Management Academy (THMA) has brought together executive peer groups that face similar challenges and strategic opportunities. These exclusively executive, role-based groups provide a platform for insightful discussions, practical exchange, and deep connections that accelerate innovation. Designed in retreat-style formats, each forum will meet in-person twice a year and virtually throughout for continuous idea exchange and relationship building.
