Supporting local

We are very proud of the suppliers that we've sourced for our First Class menus. We tracked them down at food fairs, farmers' markets, trade shows and food halls.

They have been carefully hand-picked not just for the quality of their produce but for their ethos of being family-run and creating small-batch, hand-crafted items using prime and locally sourced ingredients.

Using local suppliers is important to us. It not only benefits the local economy, but the ingredients travel less, meaning they taste better and those precious nutrients are preserved.

You'll find our special suppliers dotted all along our route.
