

Alternatives to Posti's TYVI Pro service (www.tyvi.fi)

Posti will not offer a replacement service in the future, but there are other solutions on the market and provided by recipients.

The following companies provide TYVI message forwarding to authorities

- **SD Worx Vira** - automated government reporting | SD Worx
- **TYVI service** - data flows from companies to public authorities | CGI FI

Posti does not act a party, beneficiary or operator in the TYVI services provided by SD Worx and CGI.

Other options for the tyvi.fi services

The **Tax Administration** offers various electronic service channels either independently or through its service providers. Below are the most common channels used:
