

Submittable 

Transformational Grants Technology for Government

Submittable empowers the public sector with the tools to quickly and securely launch, effectively manage, and measure the impact of your programs to serve your constituents better. This start-to-finish platform makes your grantmaking workflow smarter and more efficient, while keeping you compliant and accountable to stakeholders.

Launch fast

Your constituents can't wait. Easy-to-use form builders make it a cinch to get your programs up and running fast.

Automate management

Eliminate tedious work. Modernize manual processes and legacy tools with the Submittable's speed, flexibility, and scalability.

Measure results

Robust reporting tools keep you compliant and accountable to stakeholders.

PROGRAM SPOTLIGHT

State of Minnesota Frontline Worker Bonus Pay

Submittable is a proud partner for the State of Minnesota Frontline Worker Payments program. To thank Minnesotans who worked on the frontlines during COVID, Gov. Tim Walz signed the Frontline Worker Payments into law April 29, 2022. This vital program divided the \$500 million in funding equally among qualified applicants, distributed quickly and securely by Submittable.

Powering Digital Transformation

Submittable is not just better grants management. Submittable presents a revolutionary opportunity to execute your mandate faster, with more integrity, and with less tedious administrative burden than possible before.

SUBMITTABLE AT A GLANCE | PUBLIC SECTOR

30+ States **3,500** Programs **2 weeks** Or less average time to launch for 75% of customers

Equitable and Automated Review Features

  Make smarter decisions faster with our bias-fighting review tools and automation that save you and your applicants time.

Sophisticated Fraud Prevention

Seamless, out-of-the-box identity verification tools help you to respond quickly to those in need while avoiding fraud.

Powerful Impact Reporting

Run reports and analyze data to glean insights, measure progress toward your goals, and assess impact.

Integrated Funds Tracking & Delivery

Simplified funding tools make it easy to track money awarded to applicants and distribute payments to awardees.

“

We got the funding in early March and launched March 29, and we got the majority of the money out in early- to mid-May. It's pretty amazing how many people we were able to serve in a short period.

JULIA TERLINCHAMP State Emergency Operations Center, State of Washington
