| SKU Name | Description |
|--|--|
| Address Validation | Validate addresses are correct and registered with USPS |
| Advanced Reporting | Custom Dashboards and Report Builder |
| API Access | Allows customers the option to build their own integrations and automations leveraging the Submittable Application Programming Interface (API) Automated Eligibility is an independent service from Submittable for eligibility validation using multiple 3rd party data sources and fraud prevention tools to align funding opportunities to individuals and organizations |
| Automated Eligibility | Self service option each customer has to customize their own accounts branding |
| Branded Platform Experience (Colors, Logos, Images) | |
| Budget Categories and Reporting | Ability to divide budgets into separate categories |
| Charity Check | Validate nonprofit organization data |
| Compliance Management | OFAC, Sanctions, Anti-Money Laundering |
| Custom FAQ (Per Page) | Price is per FAQ page. Customers can buy any amount. Import historical data into Submittable based on a single form/table |
| Data Import (per form) | |
| Data Warehouse & Parque | Client specific data warehouse that includes CSV files, attachments, and data generally used for syncing with business intelligence tools (PowerBI, Tableau) White glove level Enterprise Support. Highest priority email, phone, and chat, ticketing system access, multi-language support and custom SLAs. Must be scoped by VP of Customer Success |
| Dedicated Applicant Support | |
| DocuSign Integration | Integrate your account with DocuSign using pre-built integration (no custom scoping required) |
| Eligibility Form & Scoring | Ability to include an eligibility form in front of an application, and automatically score it upon submission |
| Email Notifications & Reminders | Automated notifications and reminders |
| Embedded eSignature | Included eSignature solution (can upgrade to DocuSign) |
| ERP Integration | Custom ERP Integration must be scoped by an SE and Professional Services Manager |
| Expense & Reimbursement Management | Ability for customers to accept expense & reimbursement requests with approval process |
| Funds Distribution Tier 1 | Fund Size \$1 to \$999,999 |
| Funds Distribution Tier 2 | Fund Size \$1MM to \$9,999,999 |
| Funds Distribution Tier 3 | Fund Size \$10MM+ |
| Funds Distribution Transaction Fee | Fees charged are a percentage of the funds distributed and based on payment partner and payment type. |
| Funds Management | Ability to create funding sources |
| Funds Tracking | Ability to track fund usage |

| SKU Name | Description |
|---|---|
| Goals & Milestones | Grantees set goals and milestones in applications, carrying them into agreements for post-award reporting. For clients with a robust program, complex workflow, and a need for customized training with a dedicated Implementation Specialist. |
| Grants Management Gold Implementation | Our most comprehensive package for clients looking to benefit from ongoing one-on-one Implementation guidance to launch and manage major initiatives smoothly and efficiently. |
| Grants Management Platinum Implementation | Lowest cost implementation package that requires the customer to manage their own implementation using self guided resources (GuideCX, documents, videos etc) |
| Grants Management Self-Guided Implementation | Compliance with the Health Insurance Portability and Accountability Act. |
| HIPAA | Embed an Identity Verification (IDV) screening into your application. Requires scoping and pre-purchase. |
| Identity Verification (IDV) | Volume must be scoped and pre-sold |
| IRS/TIN Validation | Embed a Knowledge Based Authentication (KBA) quiz into your application. Requires scoping and pre-purchase. |
| Knowledge Based Authentication (KBA) | Support for multiple additional languages within the platform |
| Localization | Integrate your account with Microsoft Dynamics 365 using pre-built integration (no custom scoping required) |
| Microsoft Dynamics 365 Integration | |
| Multi Round Reviewing | Review processes that can go through multiple rounds of reviewing |
| Multi-Round Applications | Applications processes can go through multiple rounds of intake and review. Collects general and narrative information from grantees during post-award monitoring (requires respective modules for Expenses & Reimbursements or Goals & Milestones reporting). |
| Narrative Post Award | |
| Organization & Subrecipient Profiles | Ability to create profiles for individuals and organizations |
| Professional Services | Hours must be scoped by an SE and approved by Professional Services Manager. |
| Project Management | Hours must be scoped by an SE and approved by Professional Services Manager. |
| Report Building | Submittable will build up to 5 reports on behalf of the customer. |
| Salesforce.com Integration | Integrate your account with Salesforce using pre-built integration (no custom scoping required) |
| Sam.gov Verification | Provides public organization and UEI data validated against Sam.gov |
| Smart Import - (Document Validation) | Automatically import physical documents. Requires scoping by an SE and approval by Professional Services Manager |
| SSO | Single Sign On |
| Sub-Recipient Monitoring Automation | Automate the follow-up and collection of subrecipient reporting |
| Workflow Automation | Automate review & scoring of applications. Must be scoped by an SE and approved by Professional Services Manager |
