Hi all

Thanks for your response yesterday to the potential removal of data. Given the nature of the events, I hope you can appreciate the urgency.

Discussions have been ongoing at IPSA about the appropriate response to the events of last Friday. It has now been decided that rather than disabling the entire "MPs' staffing & business costs" section of the site, we will instead update only the spreadsheets for "Individual business costs" on the ["Annual budgets, costs and claims" page](#).

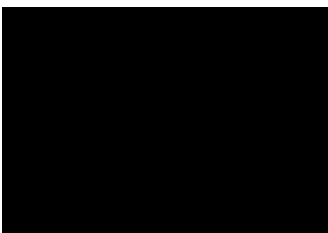

[REDACTED] raised the attached request with [REDACTED] regarding disabling the display of some specific columns in the spreadsheets. They have replied that this may be something you can do more easily.

Is this possible? We are happy to have a quick call to discuss if it is easier.

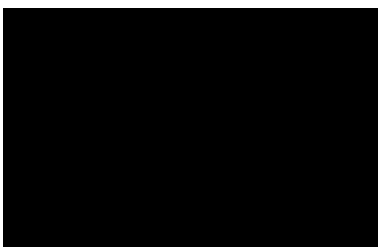

The columns we want to hide from display are:

- Years 2019-20, 2020-21, 2021-22: 'Details', 'From', and 'To'
- Years 2010-11 to 2018-19: 'Short description', 'Details', 'From', and 'To' for years 2018-19 and before.

Thanks very much
