

AI AS THE NEW POWER STRUCTURE

SXSW  LONDON

KEY SPEAKER QUOTES

“The next iteration here is what’s called a ‘health innovation zone’, joining health universities”

Theo Blackwell MBE
Chief Digital Officer
Mayor Of London

“The US and Chinese government are locked in a technology race to get this technology. One thing that has opened things up is the cyber conversation... countries like Greece pushing forwards with cyber education on AI”

George Osborne
Managing Director and Head of
OpenAI for Countries
OpenAI

“AI is largely ungoverned and the investors are there to make a profit. A feeling many of us have is that left this way, we might end up in a worst position which is quite a dystopian view”

Tim Bernes Lee & John Bruce
Co-Founders
Inrupt
