Dørlukker

Deep Black Edition

TS83

Dette er vores mest alsidige dørlukker, som har levereret kvalitet i mere end 40 år. Den er let at montere og kan anvendes på alle typer døre. Fås nu i sort.

TS93

TS 93-systemet i indeholder næsten alle tænkelige funktioner til enkeltbladede og dobbeltbladede døre. Det hurtigt reducerende åbningsmoment gør det nemt at åbne døre. Lukkeforsinkelsen,

der leveres som standard, er også praktisk, f.eks. når du bærer ting gennem døråbninger. Fås nu i sort.

TS98 XEA

TS98 XEA med glideskinne er dørlukkeren, som opfylder næsten alle projektkrav med sine høje standarder i forhold til kvalitet, komfort og konstruktion. Dørlukkeren fås i sort men kan også bestilles i den RAL-farve, du ønsker.

Vores bæredygtighedsløfte

Vi forpligter os til at fremme en bæredygtig udvikling i hele vores værdikæde i overensstemmelse med vores økonomiske, miljømæssige og sociale ansvar overfor nuværende og fremtidige generationer.

Bæredygtighed på produktniveau er en vigtig, fremtidsorienteret tilgang til konstruktionsområdet. For at give kvalificeret oplysning om et produkts miljømæssige indvirkning gennem hele dets levetid stiller dormakaba miljødeklarationer (EPD) til rådighed, baseret på holistiske livscyklusvurderinger.
