BATTLE-TESTED

Since its launch in 2007, the EVH® brand has had one mission – to take the tools Eddie Van Halen uses to create his groundbreaking guitar work and place them unmodified in your hands.

The guitars are tweaked-out for high-speed playing and the amps are hot-rodded for gloriously saturated tone. Every piece of EVH gear, from the highly-defined speaker cabinets to the unique pickups, picks, strings and straps, are the real deal – designed, perfected and approved by the man himself.

“I am involved in every phase because I am not endorsing a product – this is my company,” he said.

Refining and adjusting components and specs until they're up to his exacting standards, no piece – no matter how large or small – is produced until he personally signs off on it, reflecting his commitment to quality and his personal connection to the gear that bears his name.

And nothing gets his approval unless it's been battle-tested by Eddie where the rubber meets the road – in front of an arena full of screaming fans.

“I don't let anything out unless I've taken it on tour.”

Raised onstage, these instruments, amps and accessories are as innovative as Eddie's playing.

“I don't want to fight with it,” he said, with regard to his equipment. “I want to speak to it and have it deliver my message – and it works with me.”

The same equipment he's created and continued to evolve for over four decades is now available to work with you. Plug in and make your own mark with EVH gear – it's what he uses.

**“A GUITAR IS A VERY PERSONAL
EXTENSION OF THE PERSON PLAYING
IT. YOU HAVE TO BE EMOTIONALLY
AND SPIRITUALLY CONNECTED
TO YOUR INSTRUMENT.”**

OVER FOUR DECADES OF INNOVATION AND EXPERIENCE ARE INJECTED INTO THE CREATION OF THE EVH WOLFGANG GUITARS. A NATURAL BORN INNOVATOR IN GUITAR-BUILDING AND PLAYING, EDDIE VAN HALEN CONTINUES TO EVOLVE THE LINE.

“WE’RE ALWAYS PUSHING THE ENVELOPE — KIND OF LIKE A RACE TEAM,” HE SAID. “WE TRY TO GET FASTER AND BETTER, AND AT THE SAME TIME, OFFER MORE VALUE AND MORE BANG FOR YOUR BUCK.”
