

Charitable Investment Account fees

Charitable Impact charges a fee determined by the balance of the Charitable Investment Account. Our fee is charged in addition to any fees charged directly by financial advisors.

Fees do not impact the tax receipt, which is determined by the fair market value of the assets at the time of donation.

Account balance	Annual fee
First \$1,000,000	0.50%
Assets above first \$1,000,000	0.25%

Our fee is collected quarterly and is based on the average of the opening and closing market value of the Charitable Investment Account balance each quarter.

Contact us for specific information about fees for donations of private company shares, real estate, and life insurance.
