

Actuary

(Senior Actuarial Analyst, AVP & Actuary, VP & Actuary)

New York -

Additional locations considered including Minneapolis Dallas, Atlanta and Philadelphia

About BMS Group

BMS is a dynamic, independent, global broker established in 1980, delivering specialist insurance, reinsurance, and capital markets advisory services. We are a global brand with offices located across the US, Canada, Latin America, Australia, Europe and Asia with both a strong, local focus and understanding of market needs.

Our teams are respected globally for their specialist market knowledge, intelligent analysis and insight. Our people strive to be 'the best in class' and with an innovative approach and their entrepreneurial thinking, our clients truly benefit from better solutions to policy development and placement.

Being independent makes a key difference to our clients, giving our brokers the freedom to deliver the best solutions, tailored to meet their business needs. Coupled with our collaborative team approach, single platform worldwide and renowned personal service, we are the independent broker of choice.

Summary of Position

We are seeking actuarial talent with 2–15 years of experience across the U.S. Preferred hybrid office locations for this role are New York City and Minneapolis, where members of our actuarial team are currently based. We will also consider candidates located near our additional office locations in Dallas, Atlanta, and Philadelphia as well as remote office locations throughout the country. Your relevant work experience and actuarial credential progression will determine the role level for which your application applies.

Key Responsibilities & Accountabilities

- We are growing the Actuarial Team at BMS Re and are seeking actuarial talent at various levels.
- Colleagues on the Actuarial Services team will deliver actuarial analytics for clients seeking reinsurance and advisory support.
- You will collaborate with internal and external stakeholders to deliver high-quality actuarial work product, present analyses to brokers, clients, and reinsurance markets, and perform industry research to support actuarial analysis.
- You will also help maintain, refine, and develop tools used across the analytics team to strengthen and expand our capabilities.
- This role offers the opportunity to continue building actuarial and industry expertise in a close-knit team and client-focused environment.
- For candidates still progressing through actuarial exams, BMS Re will support your pursuit of achieving FCAS with study time, resources, and compensation incentives through our competitive BMS US Actuarial Education Program.

What we're looking for

- Experience applying actuarial principles across multiple actuarial disciplines, including pricing, reserving, and reinsurance, and across multiple lines of business
- Experience working with client data and delivering actuarial analysis from at least one of the following perspectives: reinsurance pricing from a cedant, reinsurer, or broker perspective; transactional pricing for loss-rated business; and/or actuarial consulting for loss reserve and prospective funding analysis
- Experience presenting actuarial analysis to internal stakeholders and/or external clients
- Strong organizational skills, with the ability to manage multiple priorities and meet deadlines
- Ability to collaborate effectively with actuaries and other internal stakeholders
- High proficiency in Microsoft Office, particularly Excel and PowerPoint
- Technical knowledge of statistical analysis software and/or programming languages such as SQL, R, or Python

What's in it for me?

This is a permanent role, offering a competitive salary and bonus plus access to our personalised benefits platform, Your Rewards, including:

- Medical insurance
- Vision insurance
- Dental insurance, 401(k)

Through our Diversity, Equity and Inclusion (DEI) vision, we are committed to 'building a culture of belonging for all, valuing diverse perspectives and embracing authenticity.' As such, we have created our 'BMS Together' programme, with dedicated training, collaborative committees and intentional partnerships. In support of our ESG vision, we offer two additional paid days each year to take part in charitable work.

BMS offers flexible and hybrid working policies and we're happy to discuss options with you upon application. Please let our team know if you require any adjustments to support you through the application process.
