We understand your business

We have experience working across six continents, with expertise from the first stage of exploration, construction through to operation for all insurance classes. As members of MIRA and other industry groups, we stay at the forefront of industry trends and challenges.

We are here for you – regardless of size or scope

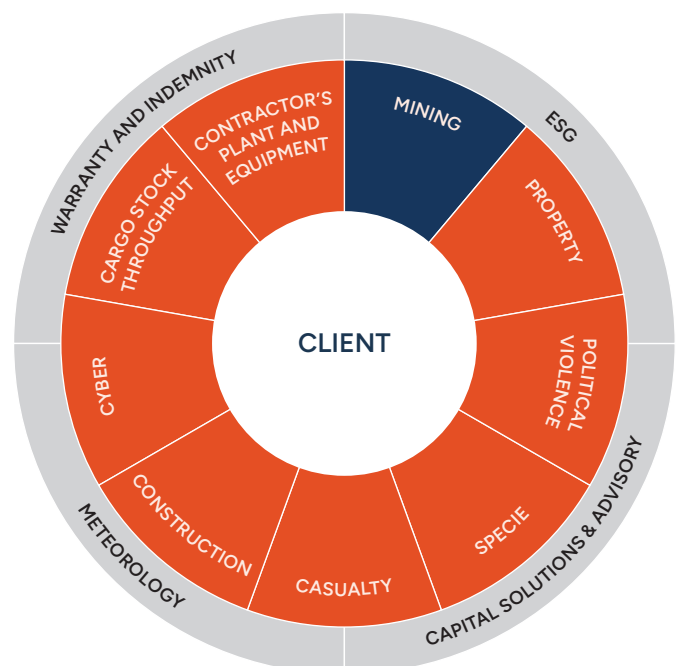

Whether you are a junior mining company or a larger operation, we offer solutions to meet your specific needs.

Beyond your (re)insurance placement, we keep you updated in real time with market intel and developments ensuring you are always making informed decisions.

You will have one point of contact co-ordinating all product placements to ensure seamless coverage.

Client focused unified approach

We foster a strong team culture where cross-functional collaboration drives alignment and success. Our Mining team works closely with related teams, and leverages our broader expertise and network, to achieve the best possible outcomes for our clients.

BMS is our preferred wholesale broker due to the quality of the brokers that work on our account.

We have experienced, while working with other broking teams, situations where the senior brokers only become involved when difficulties arise. We are pleased to note that this is not the case with BMS.

We also enjoy an extremely efficient and professional level of service from an experienced team of brokers which demonstrates an exceptional understanding of our business."
