## We understand

We pride ourselves on our broad range of experience, allowing us to find the best solutions for our clients across the market.

## We lead from the front

Our team based in London and Bermuda is fully integrated with the senior directors active in the market on a daily basis.

## We go above and beyond - every time

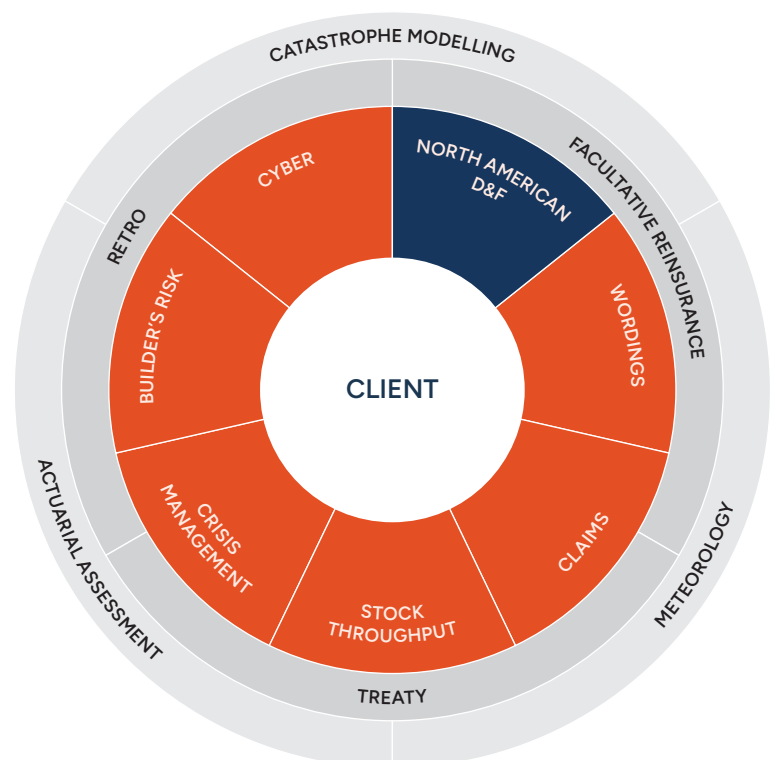

We are committed to delivering exceptional service, tailored to your specific needs. We are all about responsiveness and value – always striving to secure you the best deal possible.

## We work across BMS disciplines – we don't stay in our lane

Our people are supported by a connected network of BMS experts providing worldwide access to insurance, reinsurance, ILS and analytical capabilities.

## Client focused unified approach

We foster a strong team culture where cross-functional collaboration drives alignment and success. Our North American Direct and Facultative team works closely with related teams, and leverages our broader expertise and network, to achieve the best possible outcomes for our clients.

I've only become more satisfied with the service received from BMS over the years. The entire team is responsive, professional and incredibly knowledgeable about the markets and the specific accounts we are working on. They take ownership of their placements and add exceptional value."

THE INSURED

## Capabilities

Our team's extensive experience allows us to handle a wide range of clients, from high volume to specialised industries that required risk management solutions. Some expertise being:

### Real Estate

Including Residential, Hospitality and Warehousing

### Municipalities

Including States, Counties, Cities and Schools

### Manufacturing

Including Wood Working, Chemicals, Plastics, Auto Parts, Tech/Semi cons, Waste and Recycling

### Food and Agriculture

Including Grain Storage/Milling, Poultry/Meat Processing, Diaries, Nuts, Eggs and Fertilisers

## Target business

We handle a vast range and variety of Insured's and the breadth of experience in our team is ideal to handle both the volume and specialist industries that are not seen as everyday risks.
