

Cyber Practice.

We cut through the complexity.

We demystify cyber insurance

We provide you with expert guidance and clear explanations – working with you to understand and manage your exposure to cyber threats.

We go beyond the insurance transaction

We provide insight for you to better safeguard your business.

We work outside the Cyber market

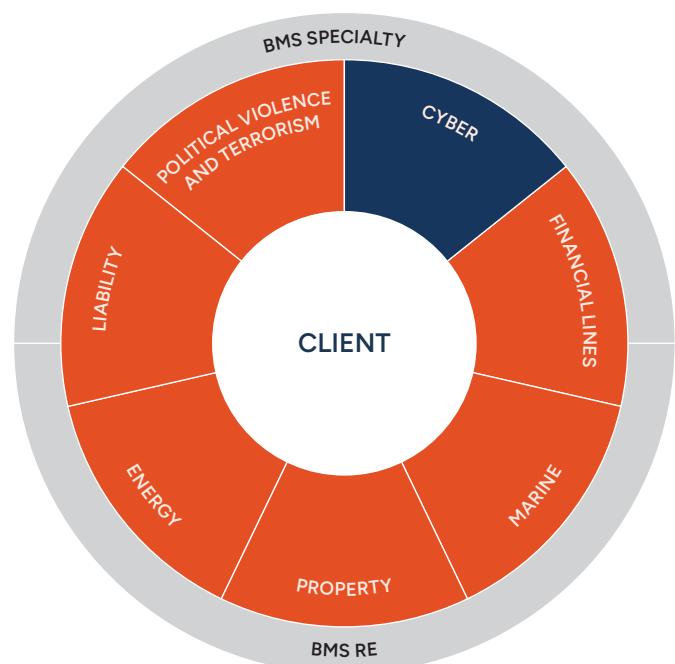

We collaborate with other BMS teams – capitalising on the market dynamics across product lines to deliver the most efficient and effective coverage for our clients.

Expertise

- Public Entities
- Energy (Oil and Gas, Mid-stream, Power and Utilities and Renewables)
- Manufacturing
- Shipping/Logistics and Transportation
- Healthcare
- Technology
- Telecommunications

Client focused unified approach

We foster a strong team culture where cross-functional collaboration drives alignment and success. Our Cyber Practice team works closely with related teams, and leverages our broader expertise and network, to achieve the best possible outcomes for our clients.

The BMS team is highly skilled and adept at crafting bespoke insurance solutions for our clients. We can rely on the team's knowledge and excellent grasp of the insurance market.

They always provide us with thorough explanations, and it is evident that our placements with them are thoughtfully considered. The team excels in client facing situations (even the most challenging) and explaining the nuances of coverage. We really appreciate the partnership!"

THE INSURED

Capabilities

Risk Management

- Certified cyber risk experts (FAIR, CISSP, GICSP, CRISC)
- Custom client training on governance and incident response

Risk Assessments

- Qualitative and quantitative cyber risk assessments via trusted partners

Market Access

- Expertise from 77+ Lloyd's insurers for tailored solutions
- Strong ties with top London cyber and tech insurers

Specialised Products

- Cyber property damage risk analysis and transfer solutions for seven key sectors including energy
- Exclusive ransomware disruption coverage in partnership with Dark Web IQ

Case study – Efficient collaboration

Challenge

- Client looking to purchase increased limits
- Pricing was being driven by minimum premium constraints in the excess layers
- Limited e-crime coverage available without significant increases in premium

Approach

- Placed a quota share type structure for cyber, excluding all social engineering coverage
- Worked with our Financial Lines team to access the crime market
- Provided a wrap-around social engineering coverage to the cyber coverage

Outcome

- Increased cyber limit available to client
- Increased e-crime limit provided to client
- Resulted in broader coverage efficiently priced
