

Construction.

Your project, our priority.

We are global construction risk specialists

Connecting retail and wholesale brokers to the London and European market and beyond.

We are more than our frame construction facility

Our expertise transcends our market leading US frame construction facility, we are also known for our experience in large energy and infrastructure initiatives.

We are your insurance guide – from start to finish

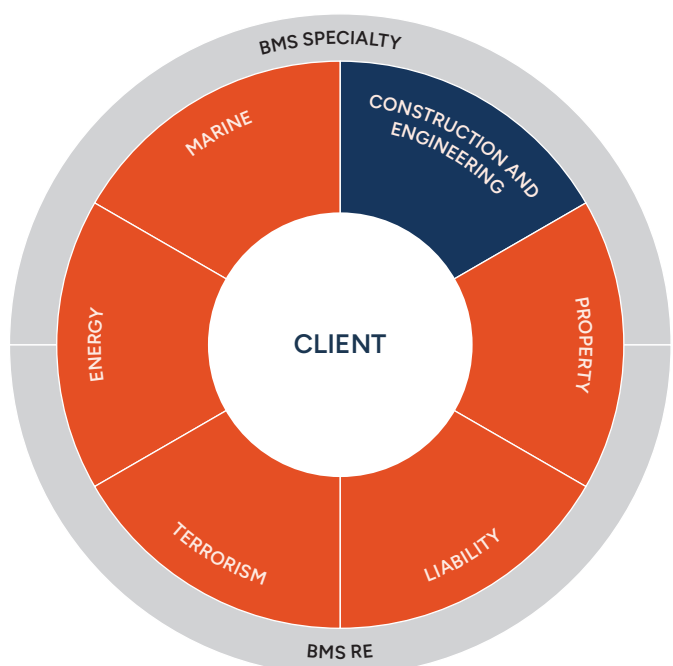

Our technical expertise enables us to provide a full range of insurance advisory and placement services.

Highlights

- Deep understanding of global (re)insurance and strong technical knowledge
- All service and claims handling is London based
- Solution driven (DIC/DIL, XOL, Standalone perils, deductible buydowns)
- Dedicated project casualty expertise

Client focused unified approach

We foster a strong team culture where cross-functional collaboration drives alignment and success. Our Construction team works closely with related teams, and leverages our broader expertise and network, to achieve the best possible outcomes for our clients.
