

# TROJAN BATTERY COMPANY GOLF & LSEV SOLUTIONS

Since we built the first electric golf cart battery in 1954, Trojan has been setting the standard for performance, range, safety, and reliability. Our full portfolio of lead-acid and lithium batteries meets the needs of every corner of the LSEV market, whether that's customized performance carts, rental fleets, refurbished lithium upgrades, or drop-in factory replacements. Whatever the need, Trojan has a solution that you can bet is built to the Maroon Standard.

## SINCE 1954

Trojan pioneered the first deep cycle golf car battery, partnering with golf cart manufacturer Autoette to design a vehicle for a physically challenged golfer and making it easier for him to travel the course. This began a legacy of leadership in the electric golf car industry that prevails today.

“TROJAN’S BEEN IN THE BUSINESS FOR 100 YEARS AND THEY’RE NOT GOING ANYWHERE. THEY BACK UP THEIR PRODUCTS WITH GREAT CUSTOMER SUPPORT, THEY HAVE A GREAT WARRANTY, AND THEY USE REALLY GOOD QUALITY MATERIALS WHEN THEY BUILD THESE THINGS”

**MICHAEL GUARINO** >  
OPERATIONS MANAGER  
GOLF CARS OF COASTAL CAROLINA

# MULTIPLE TECHNOLOGIES, ONE STANDARD

## LITHIUM

### TROJAN LITHIUM IS BUILT FOR LONGEVITY, RELIABILITY, AND SAFETY

- Forget range anxiety with ranges of up to 75 miles
- Efficient components offer true amp hour ratings, not overstated ones
- Additional safety features (such as our 250A mechanical fuse) provide extra protection
- Full voltage portfolio, easy installation, and maintenance-free design

## LEAD

### TROJAN LEAD HAS BEEN PERFORMING FOR OVER 100 YEARS

- Innovative T2 technology maximizes battery performance
- Enjoy longer run times and enhanced protection against failures
- Easy maintenance with HydroLink watering system
- 18-month warranty and expert support

## AES AGM

### LONG-LASTING POWER WITH VIRTUALLY ZERO MAINTENANCE

- Validated at 1,200 cycles at 100% depth of discharge
- Lasts up to 3x as long as standard AGM batteries
- Maintenance-free battery with no watering required
- Tested and proven to withstand partial state of charge

“OUR TROJAN REP IS SO INCREDIBLY KNOWLEDGEABLE, SO RESPONSIVE, OFTENTIMES WE’RE ABLE TO MEET ON SITE, MAKE A PHONE CALL, GET THE ANSWERS WE NEED TO KEEP OUR CUSTOMERS GOING”

**ABBIE RANDEL** ➤  
COLORADO GOLF & TURF

As the original creator of the golf cart battery, Trojan is the most trusted brand. Our innovative, high performing, reliable batteries power electric golf carts around the world.
