

TROJAN LITHIUM ONEPACK™

SELF HEATING / S2 / 48V

ONEPACK S2: The Lithium Battery Built for You

The Trojan Lithium OnePack™ has evolved. Meet the OnePack S2, the OnePack designed to keep you on the road and out of the garage. Enjoy a host of new features, including heated packs, over-the-air updates, and more.

SELF HEATING

- Self-regulating temperature keeps you running, even below freezing
- Charge up and enjoy the full power of the OnePack during the coldest months
- Self-powered heating technology allows you to warm the battery without plugging it in

OVER-THE-AIR CONNECTIVITY

- Enjoy less downtime and fewer shop visits with over-the-air updates
- Receive and install firmware updates directly in the Trojan Battery app
- Send error reports to Trojan Battery experts with a single click

ENGINEERED FOR DURABILITY

- IP67 ingress protection against water and dust
- Powder coated sheet metal enclosure to protect against the environmental elements
- M16 CAN connectors for more robust connection and protection against damage

SAME MAROON STANDARD

- Highly efficient 105 Ah pack with a range of up to 60 miles
- Additional redundant safety features allow for extra layers of protection
- 10-year transferable warranty backed by over 100 years of reliability

WHICH ONEPACK IS RIGHT FOR YOU?

No matter the application or terrain, there's a OnePack to handle it.
