GOLF CARTS

UTILITY VEHICLES

# RELEASE THE BEAST.

**GO FARTHER THAN EVER BEFORE WITH THE TROJAN GC2 48V LITHIUM-ION BATTERY.**

Release the beast in your golf cart, utility vehicle, or other low speed electric vehicle with the Trojan GC2 48V Lithium-ion battery. A simple battery upgrade will have you going farther than ever before with zero maintenance. Trojan Lithium-ion outperforms the competition in these areas:

### ADVANCED SAFETY

*Stable lithium iron phosphate formula, 4 levels of safety redundancy, 5 internal temperature sensors, and a self-protecting battery monitoring system.*

### LONG RANGE

*Travel up to 30-60 miles on a single charge with a 2- or 3-battery setup – 15% farther than competitive GC2 models.\**

### LONG LIFETIME

*10 years – 2-3x longer than lead acid with an industry-leading 8-year warranty.*

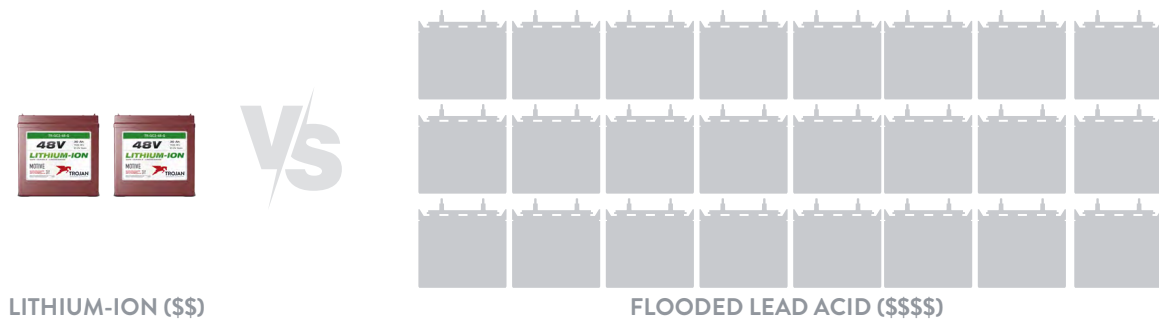

**MYTH** Lithium-ion batteries are too expensive.

**TRUTH** It's true the upfront costs of lithium-ion are higher than traditional batteries. However, the cost over their 10-year lifetime is less.

**HOW?** Trojan Lithium-ion batteries last ten years, eliminating 4-5 lead acid replacements. Plus, you need fewer lithium-ion batteries in each vehicle.

## NUMBER OF BATTERIES NEEDED OVER 10 YEARS (IN ONE VEHICLE)

*You only need two to three lithium-ion batteries vs. six (8V) flooded lead acid in a 48V vehicle. Over ten years that equals 2-3 lithium-ion batteries versus 24 lead acid batteries.\*\**

## WITH TROJAN LITHIUM-ION, ENJOY THESE ADDED BENEFITS.

**NO MAINTENANCE:** No watering, corrosion, or acid drips.

**FAST & OPPORTUNITY CHARGING:** As fast as 2.5 hours with harmless power naps.

**DURABLE:** Shock and vibration tested to off-road SAE automotive standards.

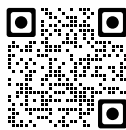

**FLEXIBLE CAPACITY:** Add capacity (and range) by adding more batteries.

**INTELLIGENT:** CAN Bus communication for troubleshooting and diagnostics.

**WARRANTY:** Your investment is protected with a limited 8-year warranty.

**LOWER WEIGHT:** Reduce wear and tear and increase acceleration

## WHAT SETS TROJAN BATTERY COMPANY APART?

For nearly 100 years, we have helped shape deep-cycle battery technology.

We offer:

- A complete range of premium deep-cycle flooded lead-acid, Trojan AES, and lithium-ion batteries.
- An expert Technical Support Team.
- A worldwide network of Master Distributors and Authorized Trojan Dealers.

Visit [trojanbattery.com/lithium-golf](https://trojanbattery.com/lithium-golf) to learn more and find your local Trojan Authorized Dealer.

FIND YOUR DEALER

\* Front Page: Actual driving range will vary depending on factors including, but not limited to, temperature, load, terrain, and equipment. Based on published ranges of other leading GC2 lithium-ion batteries.

\*\* Back Page: Based on a 2-person low speed vehicle with standard stock motor controller. Assuming the need to replace lead acid batteries four times over ten years.
