

PAMPERS PROFESSIONAL SCHOLARSHIP FOR NTMC®

Pampers is proud to support Creative Therapy Consultants' (CTC) vision to improve the lives of NICU babies and families through education and skill development. Pampers is funding scholarships for CTC's Neonatal Touch & Massage Certification (NTMC®) starting in November 2019. CTC will grant scholarships to attendees at NTMC courses. CTC will award two types of scholarships: Nurse/Neonatal Therapist Appreciation Scholarship and Hospital Appreciation Scholarship.

During the Term, CTC will distribute two scholarships to deserving recipients based on the following eligibility criteria:

Nurse/Neonatal Therapist Appreciation Scholarship:

1. As financial aid to a NICU nurse or neonatal therapist whose hospital isn't paying for the registration fee directly nor reimbursing post-certification.
2. CTC will identify these candidates in the following ways:
 - I. A NICU nurse or neonatal therapist has applied for the certification course but hasn't completed the process by officially registering, possibly due to financial barriers.
 - II. A NICU nurse or neonatal therapist has applied, registered and paid for their own registration.
 - III. If there are multiple candidates, CTC will randomly select an eligible recipient.
3. Scholarship recipient decisions are at the sole discretion of CTC.

Hospital Appreciation Scholarship:

1. Hosting hospital to identify the NICU nurse or neonatal therapist to receive the scholarship.
