

## BEFORE RETURNING TO WORK

### **ALL BRANDS / COMPANIES require these next steps**

A Work Status note is MANDATORY prior to the employee's return to their next shift.

**Full duty status is required** to return to work without any restrictions or modification of duties.

Give this note to your Ingenovis Work Injury Liaison, [WC@ingenovishealth.com](mailto:WC@ingenovishealth.com). Your direct supervisor at your jobsite may also ask for a copy.

A work status note states specifically if the physician/clinician who evaluated you is clearing you to return to work at 100% capacity, or if they are placing physical restrictions on your duties for a prescribed period of time.

**If this note was not provided to you at discharge, please circle back and request it.**

**YOU CANNOT RETURN TO YOUR NEXT SHIFT UNTIL WE HAVE THIS NOTE.**
