- (a) To the extent Supplier Processes the Personal Information as a Processor on behalf of Lilly, in addition to Supplier's other obligations under the Agreement, including those set forth in Part I above, Supplier will comply with its obligations under this Part III.
- (b) Supplier will not Process, retain, disclose or otherwise use any Personal Information for any purpose other than performing the Services for Lilly and in accordance with this SPS and the documented instructions from Lilly, including with regard to transfers of Personal Information to a third country or an international organization, unless approved by Lilly in advance or unless required to do so by Applicable Privacy Law to which Supplier is subject; in such a case, Supplier shall inform Lilly of that legal requirement before Processing, unless that law prohibits disclosing such information on important grounds of public interest. Except as otherwise expressly set forth in the Agreement, Supplier shall not disclose, transmit, or make available the Personal Information to third parties (including Subprocessor), unless explicitly authorized by Lilly. In the event Supplier believes that it cannot satisfy its other obligations under the Agreement while complying fully with the requirements of this SPS, or upon determination Supplier will be unable to comply with the terms of this SPS, Supplier shall notify Lilly without undue delay pursuant to the notice provision in the Agreement and shall not proceed with any act that would violate this SPS until the conflict and/or inability to comply is resolved. Supplier will not:

 - (ii) Process Personal Information outside of the direct business relationship between Lilly and Supplier or for Supplier's own commercial purposes;

- (c) Supplier shall without undue delay (but no later than 72 hours) inform Lilly, to the extent not prohibited by Applicable Law, of any Privacy Communication, in writing via email at privacy@lilly.com, including any:
 - (i) request from a Data Subject exercising their rights under Applicable Privacy Law, including but not limited to, any request for access to any Personal Information received by Supplier from an individual who is (or claims to be) a Data Subject, or a request from such Data Subject to cease Processing, or to rectify, block, restrict, erase or destroy any such Personal Information;

 - (iii) inquiry, claim or complaint regarding the Processing of the Personal Information received by Supplier.
- (d) Supplier is not authorized to respond to a Privacy Communication, unless explicitly authorized by the

Agreement or by Lilly in writing, except for a request received from a Governmental Authority or any third party with a subpoena or similar legal document, made under Applicable Privacy Laws, compelling disclosure by Supplier. In the event that Lilly receives a Privacy Communication, upon Lilly's request, Supplier shall promptly provide Lilly with all information reasonably available to Supplier and assistance as Lilly may reasonably request and comply with Lilly's reasonable instructions in respect of such Privacy Communication.

- (e) Supplier shall limit the extent of Processing to that which is necessary to fulfill the intended Services or business purpose as set out in the Agreement. Supplier shall only store the data for the amount of time necessary to fulfill the intended Services or business purpose or to fulfill a legal requirement. Each Party shall take reasonable steps to assure the integrity and currency of the Personal Information in accordance with the Services to be performed pursuant to the Agreement.
- (f) If the Services involve the Supplier's collection of Personal Information directly from Data Subjects, such as through a registration process or a webpage, Supplier will provide Data Subjects with a clear and conspicuous, concise, transparent, intelligible, and easily accessible notice regarding the uses of the Personal Information, which notice shall be consistent with the provisions of the Agreement, this SPS, and Applicable Privacy Laws, and direction from Lilly. Additionally, if the Supplier's collection of Personal Information directly from Data Subjects includes the collection of Sensitive Personal Information, Supplier will obtain Consent from Data Subjects where required by and consistent with Applicable Privacy Law. However, no terms of use, privacy statement or other provisions presented to Data Subjects via a webpage or in any other manner shall alter the Supplier's obligations or rights under this SPS (including Supplier's role as a Processor) or the manner in which the Supplier may use Personal Information.
- (g) Supplier shall not transfer the Personal Information across any national borders to, or permit remote access to the Personal Information by any employee, Affiliate, contractor, service provider, Subprocessor, or other third party unless such transfer or remote access is specifically permitted in Processing instructions provided to it by Lilly or it has the prior written consent of Lilly for such transfer or access. For clarification, Supplier shall be permitted to transfer Personal Information to or permit access by any approved Subprocessor location for the purposes as further detailed in Attachment A. Supplier may not transfer or permit access across a national border for any other purpose, without Lilly's prior written consent for such transfer or access. Supplier shall provide Lilly with all information reasonably requested by Lilly to allow Lilly to assess whether the laws and practices of the country to which it will transfer Personal Information and which are applicable to the Processing of the Personal Information by Supplier, including any requirements to disclose Personal Information or measures authorising access by public authorities, prevent Supplier from fulfilling its obligations under this SPS or any applicable compliance mechanism. Supplier agrees to execute and undertake such compliance mechanisms as may be required by Applicable Privacy Laws in order for Supplier to transfer Personal Information to such countries or permit remote access in such countries.
- (h) If Supplier receives legal process requiring disclosure of Personal Information that was the subject of a Restricted Transfer to a public authority in a third country that does not benefit from an adequacy decision, Supplier shall promptly, and as applicable: (i) inform the relevant public authority of the incompatibility of the legal process with the safeguards provided under this SPS, and the resulting conflict of obligations for Supplier; (ii) promptly notify Lilly of the legal process and provide a copy, unless legally prohibited from doing so; (iii) assess the lawfulness of the legal process; (iv) respond to the legal process by using reasonable efforts to challenge the validity of the legal process where there are grounds to do so; (v) seek interim measures to suspend the effects of the legal process until the relevant court or authority has decided on the merits; (vi) refrain from disclosing the Personal Information until required to do so under the applicable procedural rules; and (vii) provide the minimum amount of Personal Information permissible when responding to the legal process, based on a reasonable interpretation thereof.

- (i) Lilly generally authorizes Supplier to engage Subprocessors, including those listed in Attachment A, to Process Personal Information, provided that Supplier shall inform Lilly at least thirty (30) days in advance of any intended changes concerning the addition or replacement of Subprocessors listed in Attachment A and Lilly will have the right to reasonably object to such change within such thirty (30) day period and/or terminate the Agreement if the Parties cannot align on a Subprocessor. Subprocessors will be permitted to Process Personal Information only to deliver the Services Supplier has retained them to provide under the Agreement as specified in Attachment A and will be prohibited from Processing Personal Information for any other purpose. Prior to giving any Subprocessor access to Personal Information, Supplier shall ensure that such Subprocessor has entered into a written agreement requiring that the Subprocessor abide by terms no less protective than those provided in this SPS. To the extent a Restricted Transfer is involved, Supplier shall ensure the Standard Contractual Clauses are at all relevant times incorporated into the agreement with Subprocessor, or the parties use another method deemed adequate by an applicable Governmental Authority, before the Subprocessor first Processes Personal Information. Supplier shall remain fully liable for the acts and omissions of any Subprocessor to the same extent as if the acts or omissions were performed by Supplier.
- (j) Without prejudice to any of the Supplier's obligations in the Agreement, Supplier shall reasonably cooperate with Lilly in responding to inquiries, claims, complaints and requests regarding the Processing of the Personal Information.
- (k) When the Supplier ceases to perform Services for Lilly, at the choice of Lilly, Supplier shall, within 30 days, return all Personal Information (along with all copies and all media containing the Personal Information) to Lilly or shall securely destroy all Personal Information in accordance with Section 9 of the Information Security Standard and so certify to Lilly. For clarification, Supplier shall be permitted to make and retain one (1) copy as required pursuant to applicable law for use in its legal archives provided that any such Personal Information retained (i) shall remain subject to the obligations of this SPS; and (ii) not be readily accessible to users, in each case, for so long as the Personal Information is retained.

Section 2: Audit

- (a) At Lilly's reasonable request, Supplier shall submit to an audit, which shall be carried out by Lilly (or by an independent inspection company selected by Lilly) at Lilly's expense during Supplier's reasonable business hours. Such audits may occur only once per year, provided however, that Lilly may audit at any time in the event of a security breach or suspected material violation by Supplier of its obligations under this SPS, or in situations where an audit is necessary or desirable to respond to a Governmental Authority inquiry or request. Supplier shall reasonably co-operate with any such audit. In the event that any such audit reveals material gaps or weaknesses in Supplier's security program or any breach of this SPS, without prejudice to Lilly's other rights, Lilly shall be entitled to suspend transmission of Personal Information to Supplier and Supplier's Processing of such Personal Information, until such issues are resolved. Additionally, Supplier shall, at its own cost and expense, promptly implement such changes as are necessary to address any gaps in the Supplier's security program or rectify any breach and prevent recurrence of the same.
