

RVX3-POLE-90

INSTALLATION SHEET

Redvision's external pole mounting bracket provides elegant mounting for the X3 Storm range of rugged PTZ's. To facilitate mounting a camera to a pole, a RVX3-WALL wall bracket is required in conjunction with the RVX3-POLE-90 bracket. This bracket will clamp poles of greater than 90mm diameter.

Use the 4 x Stainless Steel Clamps to fasten the pole clamp to a pole.

Once the Pole bracket has been fully secured, use the 4 off M8 x 25 socket cap fixings, 8 off M8 plain washers and 4 off M8 nyloc nuts provided to secure the wall bracket to the clamp.

Contents
