REMINDER

VENDING ISSUE Helplines

If you have a lottery vending machine, please remember:

- ❖ Players with cashless transaction issues must call the Cashless Helpline, (866) 752-9986 to get them resolved. The number will print at the bottom on a refund receipt, is on the Lottery vending machine near the card reader, and on the provided "How To" brochures.
- ❖ Neither the retailer helpline nor the Lottery can help the player. The issue must be reported, researched and credited back by the merchant processor.
- ❖ Cash transactions are handled by you. Call the Retailer Helpline (888-987-5297) if the VeriFone unit or vending machine is not working (blank screen, persistent communication error, etc.). This number is inside the machine on the door and on the Lottery printer.

CASHING DOS and

- You **CAN** validate lottery tickets, but you should always ask the player how they would like their winnings paid out.
- You **CAN** cash tickets up to \$600 using cash, money order, check, or pre-paid debit cards. Any debit cards require disclosure of any card fees and may not have an expiration date.
- You **CAN** ensure happy customers by cashing their tickets. Your location gets a 1% cashing bonus for cashing a player's ticket.

DON'TS

- You **CANNOT** charge the player a fee for cashing their lottery ticket.
- You **CANNOT** ask or require the player to purchase items in your store with their winnings.
- You **CANNOT** give an in-store gift card or gift certificate.

WHERE ARE THE KEYS ???

Each retailer location is given keys for their lottery vending machine.

These keys must stay at the location they have been assigned. Please DO NOT take them home, lock them in a safe that can't be accessed, or store them in a vehicle.

The best practice is to store them in a safe location on premises where retailer staff can access them for loading inventory, fixing jams, or allowing lottery personnel to access the equipment.

We appreciate your help in working on lottery best practices!
