

Approved Translator List

Interpreters and translators provide different services. An interpreter is able to interpret your knowledge test and a translator can translate documents such as your licence or driving record.

The majority of translators on this list can act as both translator and interpreter unless otherwise noted, e.g. “documents only.” You should confirm with your translator that they can meet your specific requirements. When requesting a translation of your documents please mention it is for ICBC purposes as additional documents may need to be completed by the translator that you will need to bring into the driver licensing office.

Translators must be sent the original documents you require translated. If you need to email an electronic copy please attend your nearest driver licensing office to get an approved stamped copy that you can send to the translator.

Not all translators are able to translate in both directions (for example, both English to Arabic, and Arabic to English). Please confirm the translator you choose is approved to translate in the direction you require.

Not all ICBC approved translators are on this list. If you can't find your language here, you can search for translators online for an ICBC-approved translator/interpreter to assist you.

When booking knowledge test appointments it is possible for other customers requiring a translator to have booked a test at the same time and location. If this happens it will be first come first served regardless of your appointment time.

Please Note: Translator information could take up to 7 business days to update

We are unable to permit knowledge test translations at the Guildford Driver Licensing Office.
