

Important – please read

Before completing this form, please ensure your vehicle meets ALL of the eligibility criteria in this Application for Modified Motor Vehicle.
Incomplete applications will be rejected.

If you wish to register a Modified Collector Vehicle, do not use this form. Please complete an Application to Register a Modified Collector Motor Vehicle (form MV1426).

Your modified motor vehicle will be registered with the model as "modif" and with an "altered" vehicle status.

A motor vehicle must be registered as a modified motor vehicle of a manufacturer's make if the motor vehicle (passenger or light commercial):

- has the shell of body, coach or cab from the original manufactured motor vehicle; and
- has an altered body that resembles, but is no longer identical in appearance to the original body of the motor vehicle; or
- has had one or more of the following components replaced or altered:
 - suspension (if altered more than 10 cm)
 - frame
 - drivetrain
 - engine
 - steering
 - braking mechanical component (disk brakes)
 - fuel type.

Vehicles that **are not eligible**:

- motorcycles;
- vehicles that have had their body, coach or cab replaced with an aftermarket body, coach or cab; and
- vehicles that are not fully assembled.

To qualify as a Modified Motor Vehicle, your vehicle must:

- be registered in BC; and
- be fully assembled; and
- be manufactured by a recognized vehicle manufacturer.

If your vehicle meets all of the eligibility criteria, please complete this application in full (no fee required) and submit it to:

Eligibility Criteria

STEP 1 – Modified Vehicle Information

By checking this box, I confirm that my Modified Motor Vehicle:

- is registered in BC; **and**
- is manufactured by a recognized manufacturer; **and**
- has had modifications made to the suspension, frame, drivetrain, engine, steering, braking mechanical components, body panels, or fuel type; **and**
- has the original vehicle manufacturer's body, coach, or cab; **and**
- is complete with all body panels, including any permanently attached fenders.

Provide Vehicle Identification Number(s) (VINs)

Inspect your vehicle and note all original manufacturer's public VINs and their locations.

Public VINs cannot be located underneath a vehicle; they must be clearly visible for sighting by an enforcement officer.

| # | VIN | Location of VIN on Vehicle |
|---|-----|----------------------------|
| 1 | | |
| 2 | | |

If you're unable to locate the original manufacturer's public VIN(s) on your motor vehicle, or

If your vehicle was manufactured to display two public VINs, but only one VIN is visible or legible, you must:

- Complete an Application for BC Assigned VIN (MV1325), available from your broker or icbc.com; and submit the application with a cheque or money order for \$25 (payable to ICBC).

Vehicle Modifications

In order for your vehicle to qualify as a modified vehicle, one or more of the components listed below must have been replaced or altered from the original factory configuration.

Please describe all of the modifications made to one or more of the following components of your vehicle and indicate when they were made:

Suspension (if altered more than 10 cm) — Modifications made before and/or after I owned the vehicle.

Frame — Modifications made before and/or after I owned the vehicle.

Drivetrain — Modifications made before and/or after I owned the vehicle.

Engine — Modifications made before and/or after I owned the vehicle.

Steering — Modifications made before and/or after I owned the vehicle.

Braking mechanical components (disk brakes) — Modifications made before and/or after I owned the vehicle.

Body panels — Modifications made before and/or after I owned the vehicle.

Fuel type — Modifications made before and/or after I owned the vehicle.

STEP 2 – Support Document Requirements

Copies of the following support documents **MUST** be attached to this application where applicable. Retain the originals for your records.

Check all boxes that apply:

- A passed Private Vehicle Inspection Report (CVSE0013) or Commercial Vehicle Inspection Report (CVSE0014) from a Provincial Designated Inspection Facility.
- All receipts, bills of sale, and paid invoices for major modifications made to the suspension, drivetrain, engine, steering, brakes, body panels, or fuel type. A notarized Unregistered Vehicles and Missing Signatures Declaration (MV1484) must be submitted for any missing receipts, bills of sale or paid invoices.
- A completed application for a BC Assigned VIN (MV1325) and cheque or money order for \$25, if applicable (see VIN section in step 1).

A weigh scale certificate is needed if the modifications alter the net vehicle weight to ensure an accurate vehicle description and record, as required by legislation.

- Yes, the modifications have altered the net weight of my vehicle, weigh scale certificate attached.
- No, the modifications have not altered the net weight.

STEP 3 – Vehicle Photographs

Applications submitted that do not meet all the listed photograph requirements will be rejected. Photos will not be returned. Every new application will require new photos.

PROVIDE DATE PHOTOS WERE TAKEN
(must be taken within 90 days of application):

All images **MUST** be:

- taken within 90 days of mailing your application;
- clear and detailed;
- of the current vehicle condition and equipment;
- in colour;
- taken when the vehicle is clean and dry;
- high resolution and unaltered;
- taken in a well-lit area (no shade/shadows);
- a minimum size of 4" x 6";
- taken straight on, and not on an angle;
