The Commission for the Conservation of Southern Bluefin Tuna (CCSBT) has established a list of fishing vessels that are authorised to fish for Southern Bluefin Tuna. If you indicate on this form that Southern Bluefin Tuna will be caught on this vessel, the vessel will be added to the authorised list. This list is publicly available at www.ccsbt.org.

Fishing vessels that are not on the list are deemed by CCSBT not to be authorised to fish for, retain on board, tranship or land Southern Bluefin Tuna. Product from vessels that are not listed will not be able to be authorised for export as part of the Southern Bluefin Tuna trade information scheme. As such they will not be accepted as imported product by countries co-operating with CCSBT (most notably Japan).
