

Analytics

Generating a Report

1. Navigate to Analytics ->Reports
2. Here you can choose what report you would like
3. Select the report from the report builder and click Generate Report to make the report

The screenshot displays the PTx Reports interface. On the left is a navigation menu with options: Map, Setup, Plan, Track, Analytics, Reports (highlighted), and Data Transfer. The main content area is titled 'Report Builder' and contains a 'Select Report' list with options: Seed Reports, Fertilizer Reports, Pesticide/Product Reports, General Reports, and Field Manager Reports. To the right of this list is the 'Report Options' section, which includes a search bar and a table. The table has columns: XR, ID, Crop Zone, Location, Acres, Crop - Desc, and Variety. A checkbox labeled 'Select Crop Zones' is checked. The table contains one row with the following data: XR (checked), ID (222509), Crop Zone (Highway), Location (empty), Acres (50.49), Crop - Desc (Wheat), and Variety (empty). At the top right of the interface, there are icons for notifications, help, and user profile, along with the text '2025' and 'Select Crop Zone'.

XR	ID	Crop Zone	Location	Acres	Crop - Desc	Variety
<input checked="" type="checkbox"/>	222509	Highway		50.49	Wheat	

Note: Reports are generated based on Crop Zone Activities only.
