Dear David,

Heritage NSW has reviewed the Aboriginal Heritage Amendment Report for the Westlink Industrial Estate (SSD-9138102) with respect to Aboriginal cultural heritage.

I note that an Aboriginal Cultural Heritage Assessment Report (ACHAR) has been previously prepared to accompany the previous scheme. Importantly, the outcomes of the ACHAR remain consistent with those originally determined as part of the original EIS and proposal. Appended to the ACHAR is an Archaeological Technical Report. The ACHAR and Technical Report confirm that there are no Aboriginal sites registered within the subject area, or sites located within 1km of the subject area. Following the conclusion of the test excavation programme, a total of thirteen (13) artefacts were recovered, with this very small artefact assemblage suggesting a transitional, low frequency use of the site by Aboriginal people. Based on the conclusions of the assessment undertaken for the amended proposal, and the consultation carried out, there are five recommendations to be implemented for the proposed works:

- Recommendation 1: Surface Collection;
- Recommendation 2: Aboriginal Cultural Heritage Induction;
- Recommendation 3: Archaeological Chance Find Induction;
- Recommendation 4: Human Remains Procedure; and
- Recommendation 5: RAP Consultation.

Based on the above recommendations, Heritage NSW has no additional comments with respect to Aboriginal cultural heritage. Please contact me directly if you require any additional information.

Kind Regards
Nicole Davis
