Dear Sir

**Re: Request for Advice on Amendment Report – Westlink Industrial Estate
(SSD-9138102).**

Fire and Rescue NSW (FRNSW) acknowledge correspondence received on the 21 October 2022, requesting advice on amendment report for Westlink Industrial Estate (SSD-9138102). FRNSW have reviewed the documentation.

It is deemed that the proposal has limited scope and application in regard to special hazards or special problems of firefighting. FRNSW submit no comments or recommendations for consideration, nor any requirements beyond that specified by applicable legislation.

While there is currently no requirement for a Fire Safety Study, FRNSW may recommend one be undertaken at a later stage should information be provided such that the development is deemed to pose special problems of firefighting or special hazards exist that require additional fire safety and management measures.

For further information please contact the Operational Liaison and Special Hazards Unit, referencing FRNSW file number BFS22/5454. Please ensure that all correspondence in relation to this matter is submitted electronically to firesafety@fire.nsw.gov.au.

Yours sincerely,
