I am researching for a paper on escheat in the context of post liquidation disclaimer of onerous property.

I am trying to find out statistics on:

1. The number of escheat cases over the last decade - those following on from disclaimer by a liquidator (or separately a Trustee in Bankruptcy, or the Official Receiver)

2. The number of cases where the Crown Estate has NOT taken into possession the extinct estate. So, where the Crown Estate has not managed the property and therefore taken on responsibility for that property.

Are you able to point me towards the relevant person within the Crown
