

MAJOR CITY CENTRE EVENT GREAT MANCHESTER RUN 2023 SUNDAY 21 MAY 2023 PHASED CLOSURES AND RE-OPENING

On the above date, the Greater Manchester Run will be held in Manchester City Centre. Several road closures will be implemented, which will cause disruption throughout the day. Diversions will be implemented from the first bus until further notice.

- Services using Parker Street will be severely affected due to the closure of Portland Street from Oxford Street to New York Street.
- The ingress route to Parker Street will divert around Portland Street using Whitworth Street/ Aytoun Street, Auburn Street, Piccadilly, Portland Street to enter Parker Street via a temporary entrance.
- The egress route from Parker Street will divert along Minshull Street, Major Street, Chorlton Street and Whitworth Street to resume normal routes.
- Displaced services from Parker Street stand P (34 34A 36 37) and N (38) will depart from stand B at Shudehill Interchange for the duration of the event. Free Bus services will transfer passengers from stand R in Piccadilly Gardens to Shudehill Interchange and Victoria station.
- Road closures to support the event will be implemented and later removed in several phases. As such, some bus routes will be returned to their usual route earlier than others.
- Other than the city centre impact, we will see disruption across the network, specifically around the Etihad and Old Trafford stadiums.
