

Cycling in Stockport

Stockport town centre has undergone a transformation as part of the Stockport Council-led Town Centre Access Plan.

Improvements to the town centre have made it easier to travel in and around the town thanks to improved roads, better access and enhanced cycling and walking routes.

Short journeys made by bike in Stockport will be faster than the same journey by any other means.

Cycling is a great way to travel. It helps to keep you fit and healthy, ease congestion on our roads and improve the quality of the air that we breathe.
