

Embrace Pet Insurance Company Culture

Embrace's core values are at the heart of everything the company does. From frequent sweepstakes to keep pet parents engaged (and offer a chance to win fun prizes!) to an internal spot bonus program that gives back to employees who go above and beyond, the company is always looking for ways to show its appreciation to its employees and customers.

Embrace believes that when employees feel valued in the workplace, they can extend better care to others, so it offers a robust set of benefits and employee perks to create a positive workplace culture. That's one of the reasons it has been recognized as a top employer in Northeast Ohio and why the company has grown by leaps and bounds since its founding in 2003. The leadership team also plays a huge role in its success, by fostering unique and valuable skillsets on top of being dedicated pet lovers.
