## Client Asset Safeguarding Statement

### Our Commitment to Safeguarding Client Funds

As a **Cyprus Investment Firm (CIF)**, regulated by the **Cyprus Securities and Exchange Commission (CySEC)**, we adhere to strict EU and local regulations.

#### Key Protections:

1. **Segregation of Funds:** All client money is held in **segregated bank accounts**, legally separate from our own assets. This ensures your funds are protected and cannot be used to pay the firm's creditors in the event of insolvency.
2. **Investor Compensation Fund (ICF):** We are a member of the ICF. Eligible retail clients are covered should the firm fail to meet its obligations.
3. **Strict Oversight:** We perform **daily reconciliations** and are subject to mandatory external audits and continuous regulatory supervision by CySEC to ensure full compliance.
