Nutrition information is based on standard product formulations. Variations may occur due to differences in suppliers, ingredient substitutions, recipe revisions, product assembly at the restaurant level, and/or season of the year. Certain menu items may not be available at all locations. Temporary products are not included. Nutrition calculations follow federal regulations regarding the rounding of nutritional data. This information is effective as of **October 2022**.

Arby's Restaurant Group, Inc., its franchisees and employees do not assume responsibility for a particular allergy or sensitivity to any food provided in our restaurants. Federal regulations have identified 8 major food allergens: milk, eggs, wheat, soybeans, peanuts, tree nuts, fish, and crustacean shellfish. For your convenience, menu items and ingredients that contain these major allergens have been indicated. Allergen information is determined based on standard product formulations. These product formulations may vary. Fried menu items are cooked in common oil, and possible contact with other major allergens is also indicated. Federal regulation has exempted from allergen declaration any highly refined oil derived from the major food allergens; therefore, soy oil as an ingredient is not indicated as an allergen. Please consult your Doctor to know if you should avoid products that contain highly refined soy oil.

We encourage anyone with food allergies, sensitivities, or special dietary needs to check our website at [www.arbys.com](http://www.arbys.com) on a regular basis to obtain the most comprehensive and up-to-date information.
