

EXECUTIVE RISKS

The Future of Executive Risks is Here

Coalition, the world's first Active Insurance company, has expanded its offering beyond cybersecurity to include executive risks. We offer a number of unique benefits that are unmatched in the executive risks marketplace that help brokers win more business and offer policyholders greater value.

**Data-driven underwriting lets you quote faster**

Our quoting platform integrates real-time financial, legal, location, and regulatory information so you can create bindable quotes in just 5 minutes.

**Mid-term notifications to stay ahead of policy changes**

Coalition actively monitors all policyholders to identify mid-term changes to their risk exposures such as a change in control due to an acquisition and proactively alerts the broker to help prevent a lapse in coverage.

**Broker resources to elevate your advisory skills**

We offer a library of tools and resources including policy comparisons, claims calculators, educational material, and more to help you bring unique insight and value to every client.

**Risk management tools included for all policyholders**

Offer your clients value beyond their policy with comprehensive risk management resources. All policyholders get access to a pre-claims hotline for D&O and EPL, training, handbook and job description builders, compliance tools, and more.

**Provide customized guidance with Coalition's Executive Risks Assessment**

Our Executive Risk Assessment helps brokers identify their clients' risks, empowering them to be their trusted advocate and deliver personalized advice.

Offer your clients peace of mind with comprehensive Executive Risks insurance.

Directors and Officers Liability (D&O)

Coverage that protects company leaders from liability arising out of their business decisions. To save brokers time, we offer the most comprehensive terms first, already including commonly requested coverage enhancements.

Fiduciary

Provides coverage for legal defense fees, settlements, certain civil penalties, and other costs resulting from claims that an organization and its fiduciaries mismanaged benefits plans or assets.

Employment Practices Liability (EPL)

Protects organizations from employment-related risks like claims of wrongful termination, discrimination, harassment, and more. Comprehensive coverage typically includes defense outside the limits, wage and hour coverage, immigration coverage, and third party coverage.

Crime

Protects organizations from financial losses due to business-related crime perpetrated by employees and third-parties. Covers theft of money and property, forgery, events that occur at the business's physical location and in transit, and cyber crimes like social engineering and funds transfer fraud.

Empowering brokers with a comprehensive risk management solution

Faster quotes and renewals with quicker response times

Support from expert underwriters unencumbered by traditional processes

Active monitoring of your clients' digital risks throughout the policy term
