

## International Congress on Separation and Purification Technology

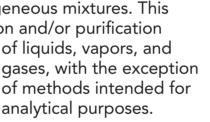

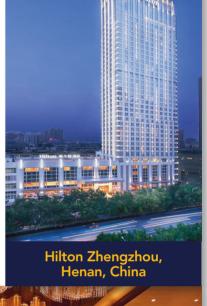

## Welcome to the 2nd International Congress on Separation and Purification Technology (ISPT 2024)!

The aim of ISPT 2024 is to provide a forum for global leading researchers, scientists and engineers in academia, national laboratories, industry, and representatives of government organizations, to present and discuss their latest developments on Separation and Purification Technology.

The conference scope will include novel methods for separation and purification in chemical and environmental engineering for homogeneous solutions and heterogeneous mixtures. This includes any separation and/or purification

of liquids, vapors, and gases, with the exception of methods intended for

## **Chairs**

Suojiang Zhang, Henan University, China

Yinhua Wan, Chinese Academy of Sciences, China

Xiaolin Wang, Tsinghua University, China

Shouliang (Shawn) Yi, U.S. Department of Energy, USA

Bart Van der Bruggen, KU Leuven, Belgium

**Abstract** submission deadline: 29 February 2024

**Early bird** registration deadline: 10 May 2024
