

## INFORMATION FOR POSTER PRESENTERS

### Poster Panel Size

A **PORTRAIT** display area on the panel of 90cm wide x 120cm high (3ft x 4ft) will be allocated for each poster. Equivalent paper sizes include:

- ISO Standard A0 (84.1cm x 118.1cm; 33.1in x 46.8in)
- ANSI Standard size E (86.4cm x 111.8cm; 34in x 44in).

Please ensure that your poster does not exceed this size as you will overlap with the neighbouring board.

Please refer to the below visualisation of the poster panels to be used during the conference – **there will be one poster displayed on each side of the board** and each board will be attached to a neighbouring board to create a stable display.

### Poster Panel Allocation

A numbered panel will be allocated for each poster (separate from the abstract number you have been assigned): details of the time and date for your presentation will be sent separately.

### Fixing

Posters should be fixed to boards with double sided tape. Supplies will be available from the conference organizers on site.

### On-Site Printing Option

We are pleased to offer the option to print locally in Shanghai and collect at the conference venue. The cost is CNY100 for each poster. We accept CASH PAYMENT ONLY on site.

### **TO ORDER YOUR PRINTED POSTER:**

- Email [print.icpc2023@crsolution.cn](mailto:print.icpc2023@crsolution.cn)
- Attach: PDF file (note maximum print size is 90cm wide x 160cm high)
- Include:
  - Full name, email and mobile/cell number of person COLLECTING the poster
  - Poster Number
- Deadline: 6 November 2023
- Printed posters can be collected from 15:00 on 9 November at the registration desk.

# GENERAL GUIDELINES FOR POSTER PRODUCTION

A poster should be self-contained and self-explanatory, allowing different viewers to proceed on their own while the author is free to supplement or discuss particular points raised in inquiry. Presentations should be kept simple and clear and a mixture of text and graphics is recommended. Remember that the viewer, not the author, as in the case of slide presentations, determines the time spent at each poster.

## **Poster Layout**

Materials should be mounted on coloured poster paper or board. Use matt finish rather than glossy paper. Arrange materials in columns rather than rows. It is easier for viewers to scan a poster by moving along it rather than by zigzagging back and forth in front of it. An introduction should be placed at the upper left and a conclusion at the lower right.

## **Illustrations**

Figures should be designed to be viewed from a distance and should use clear, visible graphics and large type. Each figure or table should have a heading of one or two lines. Additional essential information should be provided below in a legend. Photographs should have good contrast, sharp focus and, if necessary, an indication of scale.

## **Text**

Minimise narrative. Use large type in short, separated paragraphs. Numbered or bulleted lists are effective ways to convey a series of points. Do not set entire paragraphs in uppercase or boldface type.

## **Titles and Fonts**

Titles and captions should be short and easy to read, in a sans serif font for preference. Use large lettering as this means a number of people can read the poster from a distance without overcrowding. Remember to caption your poster with the abstract title, authors names and affiliations

**Headings should  
be a minimum of  
50 point size**

**Whereas, 25 point size is suitable for  
text**
