

# Shape the future of Connected Operations at Samsara Beyond 2023

Samsara Beyond is the premier customer conference for operations leaders across the globe. Join us to learn about cutting-edge technology that empowers teams and keeps operations moving forward.

## Agenda at a glance

### 5 Keynote Addresses

Be inspired by talks from Samsara leaders and special guests discussing what's next for operations and how to lead and inspire your team through challenging times.

### 20+ Breakout sessions

**Product sessions:** Dive deep into the latest innovations from Samsara's product team, get a sneak peek at our roadmap, and be the first to know about new features that will streamline your operations.

**Industry panels:** Hear from industry leaders and operations experts about the unique challenges they face and how they're using technology to tackle them.

**Pro-courses & workshops:** Take your Samsara skills to the next level with small group sessions led by product experts. You're guaranteed to take home an actionable plan to improve operations for your business.

**Thought leadership & Partner sessions:** Look to the future with insights from industry experts on topics like sustainability, electrification, and more.

### Partner Expo

Engage with the largest ecosystem in the world of physical operations. See all that leading operations companies have to offer at our Partner Expo.

### Networking Opportunities

From informal meet and greets in the Partner Expo, small group gatherings with industry leaders, and our annual Beyond Bash, there are plenty of opportunities to have meaningful connections with like-minded professionals and build your network.

### Full agenda available March 21st

Stay tuned! We'll release the full agenda\* on March 21st, at which point attendees will be able to build and personalize their agenda.

\*Exact number of sessions and categories of sessions subject to change until full agenda is released

# 4 reasons to attend Samsara Beyond

“The first conversation I had was worth the price of admission. The knowledge shared, the trial and error, from someone in the same environment is so valuable.”

**MICHAEL MCDONALD**

*VP, Compliance & Risk Management  
Axion Logistics*

01

**LEARN**

Dive into hands-on workshops, fireside chats, expert-led product demos designed to meet your business needs.

02

**INNOVATE**

Take on the future with learnings from inspiring keynotes, insights from real customer stories, and new product launches.

03

**CONNECT**

Share solutions and good conversation with other leaders who face the same challenges as you at roundtables and networking events.

04

**HAVE FUN**

From celebrity speakers to the Expo happy hour and the Beyond Bash at a historical Austin venue, there's fun around every corner.
