Vodafone Protect & Connect S5 & S7
Manage your vehicle remotely & keep it secure 24/7

You've invested in your pride and joy. Now, you need the peace of mind knowing that it's safe: Protect & Connect tracking systems, from Vodafone Automotive, monitor your vehicle so you don't have to.

In case of theft, the telematics system sends an alert to the Vodafone Automotive Secure Operating Centre which activates the tracking procedure, follows the vehicle movements in real time and supports local police to recover it.

The service is available 24/7 across more than 40 countries in Europe*, in your own language, even if you are abroad. The service includes My Connected Vehicle by Vodafone Automotive, a dedicated mobile app that enables you to get easy access to vehicle information such as real-time vehicle location, directions to the vehicle and geofence ability.

Vodafone Protect & Connect S5 & S7, are Thatcham accredited categories and recognised by the majority of leading insurers.

What's also reassuring is that these products and services protect your data and manage it securely, with technology such as end-to-end data encryption. Vodafone Automotive has more than 45 years experience in the vehicle safety and security industry - and is already trusted by 35 global vehicle manufacturers.

The service is available with a subscription. Interested? Our stolen vehicle tracking and recovery service is available with 12 months subscription. For more information including how to get a device fitted to your vehicle and additional service subscriptions, please contact our Sales Desk - details are in the 'Contact Us' section.

*Countries covered: list available on our website - automotive.vodafone.com

Vodafone Protect & Connect S5

You'll find a range of features and benefits to protect your vehicle with our Vodafone Protect & Connect S5, and extra protection with Vodafone Protect & Connect S5 Plus - see more on this below:

AUTOMATIC DRIVER RECOGNITION (ADR)
If your vehicle travels beyond the Thatcham compliant threshold without an ADR Tag being present, an alert is automatically sent to Vodafone Automotive, even if the thief has your keys

PINPOINT GPS TRACKING
Accurate to within 10 metres

EUROPEAN COVERAGE AS STANDARD
Local language Police liaison and recovery across over 40 countries

INSURANCE APPROVED
Approved by major insurers

TOW-AWAY ALERT
Triggered when motion is detected (beyond the Thatcham compliant threshold) when the ignition is switched off

THEFT HISTORY
In the event of a theft, our minute-by-minute theft tracking helps the police secure convictions

INTERNATIONAL GSM COVERAGE
Roaming SIM card gives coverage across more than 180 countries

TAMPER ALERT
Activated when the system battery is disconnected or discharged, or when the system wiring is cut

SYSTEM HEALTH CHECK
Regular automatic self-diagnostic check

SPECIAL MODES
Activate Garage Mode or Transport Mode at the click of a button

If your car is stolen without the ADR Tag being present, an alert will be sent to Vodafone Automotive's Secure Operating Centre. We will then attempt to contact you on the number you will have supplied at time of registration.

Vodafone Protect & Connect S5 Plus

With this product offering, you'll benefit from all of the features mentioned above and these additional ones:

REMOTE ENGINE IMMOBILISATION - SECURE OPERATING CENTRE
The Secure Operating Centre can immobilise your vehicle to prevent the engine from being started, in the event of a vehicle theft - even if the ADR Tag is present

NO TAG, NO START - OPTIONAL FEATURE
Engine lock is automatically activated if the ADR Tag is not detected

REMOTE ENGINE IMMOBILISATION - MY CONNECTED VEHICLE APP
You can immobilise your vehicle using My Connected Vehicle App to prevent the engine from being started

---

Vodafone Protect & Connect S7

The S7 offers stolen asset location with pan-European Coverage as standard, pin-point GPS tracking to within 10 metres, tow-away alert, tamper alert and all the features of My Connected Vehicle by Vodafone Automotive.

Installing your Vodafone Protect & Connect device for insurance compliance? Always check with your insurer, which device is required to comply with your insurance policy. You can also connect Vodafone Protect & Connect devices to our CAT 2-1 ADR Alarm - offering even greater levels of security and peace of mind.
