

# KnoPRO Criteria

Use the knoPRO criteria throughout the Challenge for:

**Students:** Review your project work throughout each phase of the Challenge

**Teachers:** Use the PRO criteria to provide formative and summative feedback

**Mentors:** Use the PRO feedback to provide feedback in Mentor Moments

## **Purpose:** *Clearly understand and address the problem*

- Students can explain the importance of the problem and its impact with evidence (from research, experts, surveys)
- Students' ideas clearly address a specific aspect of the overall Challenge
- Students' ideas target a specified audience

---

## **Results:** *Impact of idea*

- Students use relevant evidence to support the potential impact of the idea
- Students get feedback and use an iterative process to prototype and test ideas
- Students clearly show and explain their solution

---

## **Originality:** *Uniqueness of idea*

- Solution is unique or adds to an existing solution in a clever way
- Idea represented in an imaginative way
