Dear Shareholders,

I am extremely pleased to present the details of your Company's annual performance for the financial year 2009-10.

The world economic crisis left a deep impact on global economy. Fortunately, it did not have much effect on the growth of the FMCG industry in India due to strong and steady demand for consumer products. The country ranked second in the Nielsen Global Consumer Confidence survey released on January 7, 2010 indicating strong fundamentals and faster recovery from the economic slowdown. The findings of the survey were substantiated by the performance of the FMCG sector which registered robust growth.

I take great pride to report that your Company delivered strong business results with the sales at ₹914 crores higher by 18% versus the sales of ₹773 crores in the last financial year. The Profit After Tax (PAT) at ₹180 crores was in the line with PAT of the last corresponding year, recording a strong 20% margin after tax. The Board of Directors of your Company has recommended a dividend of ₹22.50 per share for all

our shareholders this year (which is subject to approval of the shareholders of the Company at its ensuing Annual General Meeting). Your Company increased investments in marketing and supply chain such as setting up of new manufacturing lines, promotion and launch of new products like *Whisper Choice* Ultra. The unexpected levy of excise duty by the 2010 Union Budget has also impacted profit growth in last quarter of 2009/10 Fiscal.

Feminine Hygiene business registered 24% growth with all the variants of *Whisper s*anitary napkins showing healthy growth. *Whisper Choice* led the growth in the category with 40% increase in sales helping the Company grow volume and value share. Feminine Hygiene business, this year delivered the highest sales and share growth for P&G across the globe with *Whisper* increasing its market share and *Whisper* Ultra being the largest value share brand. Your Company made strategic decision to invest in educating the consumers and improve penetration to grow under developed category of sanitary napkins.

Your Company launched the *Whisper* school program to reach a total 2.4 million menstruating girls which was a 15% increase over the previous year. *Whisper* also took the innovative route to ensure that the top tier brand was sampled in the more urban schools and the more economical mid-tier *Whisper Choice* in the upcountry schools. *Whisper Choice* program was extended to 6 other states tapping 1.9 million consumers and created trial among 1.4 million consumers.

Healthcare business has also shown robust sales growth of 11% versus the previous year. I would like to reassure you all that *Vicks* will continue to innovate to ensure it stays the most trusted cough and cold care solution in India. The growth in the category was driven by a combination of product initiatives and investment behind proven equity building advertising.

P&G's commitment to 'purpose-inspired growth' in order to touch and improve the lives of more people has led to the extension of its signature Corporate Social Responsibility (CSR) program 'Shiksha' to 6th year. I am happy to share that P&G India as a whole, has this year helped educate over 150,000 children across 602 communities with a donation of over ₹5 crores by building 'Shiksha Schools' across the country offering quality education to children in need.

In the end, I wish to re-affirm our commitment to innovation which will continue to be at the heart of everything we do – be it in our products or in our communication with consumers. I would also like to attribute the growth over the past year to our employees who have demonstrated their ability to stay reality-based, embrace change and proactively influence the course of business.

I would like to thank our shareholders for their resolute trust in the Company and look forward to their continued support and participation in the growth of the Company.

R. A. Shah Chairman

#### **BUSINESS ENVIRONMENT**

The global economy is gradually emerging from the throes of the meltdown of 2008 and the fundamentals appear to be reasonably good. However, challenges do remain. As per published studies consumer sentiment is highest in India. India ranks second in the Nielsen Global Consumer Confidence survey released on January 7, 2010—an indication that recovery from the economic slowdown is faster in India with consumers willing to spend more. This recovery has helped your Company register yet another successful year.

#### **BUSINESS PERFORMANCE**

Your Company delivered strong business results in the year under review. The sales at ₹914 crores are higher by 18% versus the sales of ₹773 crores in the previous financial year. The Feminine Hygiene business continues to grow in higher double digits with all the variants of Whisper sanitary napkins showing a healthy growth. While Whisper Choice the variant in the popular segment is helping your Company grow volume shares, the growth of Whisper Ultra in the premium segment has helped add to value shares. Similarly, the Healthcare business has also shown sales growth of 11% behind increased sales of Vicks VapoRub and Vicks Inhaler. Overall, the Company continued to focus on driving persuasive and consumer-meaningful innovations backed by distribution expansion and remarkable advertising support thereby recording a valuable growth across all areas of business.

While the sales have grown by 18%, the Profit Before Tax (PBT) at ₹234 crores is up only by 1% vs. last year's PBT of ₹232 crores. This is primarily due to increased market investments and expenses in the last quarter of the year under review, such as increase in the advertising and promotion expenses in general, the launch of *Whisper Choice* Ultra in particular, the start-up expenses on new manufacturing lines and the unexpected levy of excise duty by the 2010 Union Budget.

During the year under review, the Company earned Profit after Tax (PAT) of ₹180 crores which is also marginally up as compared to last year's PAT of ₹179 crores.

#### **Healthcare Business**

Healthcare business at ₹381 crores (vs. last year's ₹344 crores) posted a growth of 11% this year across *Vicks* VapoRub, *Vicks* Cough Drops, *Vicks* Action 500 and *Vicks* Inhaler thereby consolidating the market leadership in its respective categories. This growth was driven by a combination of product initiatives and increased investment behind proven equity building advertising.

Vicks VapoRub had a record year posting the highest ever market share. The growth in the brand was driven primarily through continued focus and augmented media spends on the successful 'blanket of warmth' advertising and on our ongoing strategy of upsizing consumers to drive consumption – viz. the timely promotions on jars which help in encouraging consumers to purchase larger packs.

The *Vicks* Cough Drops business had an excellent year, with the brand growing at 15%. The growth was driven by launch of a *Jumbo* drop, to cater to the top unmet demand of the category. This was accompanied by new attractive packaging and a higher media reach behind remarkable advertising support. The growth was further supported by an initiative to drive awareness of flavors via relevant touch points such as radio and wall-painting, which led to a further increase in consumption.

Our modest shipments on *Vicks* Action-500 during the year were driven by the overall slow down in the cold tablets category. During the second half of the financial year, your Company invested in superior advertising support for the product and saw the business respond immediately. We will however continue promoting the benefits of the product and expanding its distribution to ensure robust growth of *Vicks* Action-500 in the year ahead.

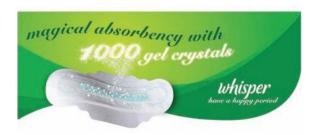

**Profit After Tax** 

*Vicks* will continue to innovate to ensure it stays the most trusted cough and cold care amongst consumers in India.

#### **Feminine Hygiene Business**

Feminine Hygiene business recorded yet another year of high growth with sales at ₹532 crores (vs. last year's ₹428 crores) translating to a growth of 24%. Your Company has delivered the highest sales and share growth for P&G across the globe, with *Whisper* increasing its market share and *Whisper* Ultra being the largest value share brand in the market. This growth is driven, both by increase in distribution amongst non-users and consumption amongst users.

During the year under review, a number of initiatives were designed to win with the consumers' needs across segment.

The top-tier consumers were delighted by the "magical absorbency" promised by *Whisper* Ultra, and the launch of *Whisper Choice* Ultra in Februrary 2010 with its "ultra" offerings fascinating the mid-tier consumers. *Whisper Choice* Ultra priced at ₹30 for 6 pads addresses the barrier that the mid-tier consumer faces and provides her a chance to experience "gel" technology protection — a unique superiority of the product now at a far more affordable cost than before

Your Company continued its disproportionate focus on the Point of Market Entry consumer. The Whisper school program reached a total of 2.4 million menstruating girls across private and government schools, which is a 15% increase versus the previous year. At the same time, by constantly innovating to meet the consumers' needs, Whisper ensured that the top-tier brand Whisper Ultra was sampled in the more urban schools, and the more economical mid-tier Whisper Choice in the upcountry schools. Not only did the program reach out to more potential consumers, but it also increased its depth by reaching out to lower tier towns. With the launch of Whisper Choice Ultra, the school program will be leveraged to sample this winning proposition to all government school girls.

In addition to the robust and time-tested School Girls Program, your Company continued to expand its direct-to-home selling program across the country. The top-tier program reached 0.75 million consumers in their homes, which is a 147% increase as against the previous year. The *Whisper Choice* program, first initiated in Tamil Nadu, made it a most preferred brand of the consumers with the highest volume share in the state. This program was expanded to 6 other states, reaching 1.9 million consumers and creating trial among 1.4 million of these consumers.

#### **DIVIDEND**

The Directors are pleased to recommend a dividend of ₹22.50 for each equity share of ₹10/- each for the financial year ended June 30, 2010.

#### CORPORATE SOCIAL RESPONSIBILITY

#### Shiksha: पढेगा इंडिया तो बढेगा इंडिया

P&G's philosophy of 'purpose-inspired growth' is about continuing to touch and improve the lives of more people, more completely. Our purpose not only inspires us to make products people love, but also fuels our readiness to touch and improve lives in the times of need – which we do through our Corporate Social Responsibility (CSR) programs such as 'Shiksha'.

School children at 'Shiksha school', Mandideep

Shiksha, our signature CSR program has in its 6th year helped improve the lives of over 150,000 children across 602 communities with a donation of over ₹5 crores. This year, Shiksha moves onto a new vision of creating tangible, visibly long-lasting impact through the building of 'Shiksha schools' across the country that offer quality education to children in need. Over the last 6 years, P&G has already been helping bring to life over 100 schools via either building them (near our plants), supporting them through Non-Government Organizations (NGOs), working with Army Wives Welfare Association schools, or reactivating Government schools through our work with NGO partner CRY. This year we hope that the building of 'Shiksha schools' will lead to far more children being able to access quality education. After all, '**पढेगा इंडिया तो बढेगा इंडिया**'.

#### MANAGEMENT DISCUSSION AND ANALYSIS

# Review of Economic Scenario and impact of Union Budget '10

The Economic Survey 2009-10 presented by the *Hon'ble Finance Minister* to the Parliament has projected an economic growth of 8.75 per cent in 2010-11 and further states that India is on its way to becoming world's fastest growing economy in four years. The survey further states that in 2011-12, the country's economy would bounce back to a high 9 percent growth.

The Union Budget for 2010-11 attempts to achieve a fine balance between sustainable development and fiscal prudence with growth. The Budget places a great thrust on technology to propagate climate resilient initiatives and ecological preservation. Public sentiments leading up to Budget 2010-11 have been understandably upbeat with signs of a revival within the economy indicating that India has successfully overcome the ills of the slowdown that assumed center stage during the previous fiscal year. The expectations from the Union Budget 2010-11 centered on how the economy would attain fiscal consolidation, meet the impending challenges of burgeoning inflation and the game plan to revitalize the waning agricultural sector in India. (source: *Deloitte: Gaining Insights Budget Analysis 2010*)

#### FMCG Sector and the Indian consumers

According to a FICCI-Technopak report, despite the economic slowdown, India's fast moving consumer goods (FMCG) sector is poised to reach US\$43 billion by 2013 and US\$74 billion by 2018. The report states that implementation of the proposed Goods and Services Tax (GST) and the opening of Foreign Direct Investment (FDI) are expected to fuel growth further and raise the industry's size to US\$47 billion by 2013 and US\$95 billion by 2018. Demand for personal care products such as shampoos, toothpastes and hair-oils grew faster in rural areas than urban areas during April-September 2009, a period that includes the peak monsoon months, as per the numbers released by market researcher AC Nielsen. A new study shows consumer sentiment is highest in India. The Indian consumer is the most confident. India ranks second in the Nielsen Global Consumer Confidence survey released on January 7, 2010 — an indication that recovery from the economic downturn is faster in India with consumers willing to spend more. The rural markets for the FMCG products are also fast developing. Rural India, mostly termed as "high opportunity" market, is no longer just an opportunity, but is now yielding results.

#### **Performance Overview & Outlook**

The Company operates in a single reportable business and geographical segment. The Company's core business is manufacturing, marketing and distribution of Healthcare and

Feminine Hygiene products. Under these businesses it has in its portfolio: *Vicks* - India's No. 1 Healthcare brand and *Whisper* — India's leading Feminine Hygiene brand (in value terms). The discussion on financial performance of the company is elaborated in the Directors' Report.

#### **Health Care Business**

The Company's Health Care sales at ₹381 crores (vs. last year's ₹344 crores) posted a growth of 11% this year across Vicks VapoRub, Vicks Cough Drops, Vicks Action 500 and Vicks Inhaler ensuring consolidation of market leadership in their respective categories. The growth was driven by a combination of product initiatives on all three variant brands and increased investment behind proven equity advertising. Vicks VapoRub had a record year posting the highest ever market share. The Vicks Cough Drops business had a highly successive year with the brand growing at 15%. Vicks will continue to innovate to ensure it stays the most trusted cough and cold care solution in India.

#### **Feminine Hygiene Business**

Feminine Hygiene business recorded yet another year of high growth with sales at ₹532 crores (vs. last year's ₹428 crores) translating to a growth of 24%. Your Company has delivered the highest sales and share growth for P&G across the globe, with *Whisper* increasing its market share and *Whisper* Ultra being the largest value share brand in the market behind well thought out initiatives. This growth is driven both by increase in penetration among non-users and consumption among users.

During the year under review, a number of initiatives were designed to meet the consumers' needs across segments. All these initiatives led to the *Whisper* share crossing the 50 points mark, and reach an all time high of 51.1. The last time we crossed the 50 share mark was more than 15 years ago.

Your Company continued its disproportionate focus on the Point of Market Entry consumer. The *Whisper* school program reached a total of 2.4 million menstruating girls across private and government schools, which is a 15% increase versus the previous year. At the same time, by constantly innovating to meet the consumers' need, *Whisper* ensured that the toptier brand was sampled in the more urban schools and the more economical mid-tier *Whisper Choice* in the upcountry schools. Not only did the program reach out to more potential consumers, but it also increased its depth by reaching out to tier-II class towns. With the launch of *Whisper Choice* Ultra, the school program will be leveraged to sample this winning proposition to all government school girls.

In addition to the robust and time-tested school girls program, your Company continued to expand its direct-to-home selling program across the country. The top tier program reached 0.75 million consumers in their homes, which is a 147% increase as against the previous year.

#### **Risk Management**

#### **Business, Finance & Operational risks**

The Company's risk management policy is in line with the parent Company's global guidelines on risk management and as such adequate measures have been adopted by the Company to combat the various risks including business risks (competition, consumer preferences, technology changes), finance risks (cost, credit, liquidity, foreign exchange) and so on. The Company has adopted a focused approach towards risk management in form of a Corporate Insurance Program which has the goal of optimizing the financing of insurable risks by using a combination of risk retention and risk transfer techniques. This program duly covers any risks relating to business interruption resulting from property damage and legal liability resulting from property damage or personal injury.

The Company has in place a very stringent and responsive system under which all its distributors and vendors are assessed before being selected. Further, there exists a system by which all distributors' and vendors' site and operations are periodically reviewed by the Company for managing risks, if any.

#### Regulatory and Compliance risks

#### (17) Significant Accounting Policies and Notes to Accounts

#### A. SIGNIFICANT ACCOUNTING POLICIES

#### **Accounting Convention**

The financial statements are prepared under the historical cost convention, on an accrual basis, in accordance with the Generally Accepted Accounting Principles and applicable accounting standards as notified under the Companies (Accounting Standards) Rules 2006.

#### Use of estimates

The preparation and presentation of financial statements in conformity with Generally Accepted Accounting Principles requires making of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Differences between the actual result and estimates are recognised in the year in which the results are known/materialised.

#### **Revenue Recognition**

Sale of products are recognised when risk and rewards of ownership of the products are passed on to the customers, which is generally on the despatch of goods. Sales are exclusive of sales tax. Licence fee is accounted based on terms of the contract. Interest income is recognized on time proportion basis.

#### Fixed Assets and Depreciation/Amortization

Fixed assets are stated at cost of acquisition less accumulated depreciation and impairment, if any. Cost is inclusive of freight, duties, taxes and other directly attributable costs incurred to bring the assets to their working condition for intended use. Depreciation is charged using straight-line method based on the useful lives of the fixed assets as estimated by the management as specified below, or the rates specified in accordance with the provisions of Schedule XIV of the Companies Act, 1956, whichever is higher.

|                        | Years   |
|------------------------|---------|
| Buildings              | 20 - 30 |
| Plant and machinery    | 5 - 18  |
| Furniture and Fixtures | 10 - 15 |
| Office equipment       | 1 - 5   |
| Moulds and Dies        | 1 - 3   |
| Vehicles               | 4 - 8   |

Depreciation is charged on a pro-rata basis for assets purchased/sold during the year. Individual fixed assets costing less than ₹5000 are depreciated in full, in the year of purchase. Cost of leasehold land is amortised over the period of the lease or management estimate whichever is lower.

#### **Impairment of Assets**

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction in the carrying amount is treated as an impairment loss and is recognised in the Profit and Loss Account. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

#### **Inventories**

Inventories consist of raw and packing materials, stores and spares, work in progress and finished goods. Inventories are valued at lower of cost and net realisable value. Cost of Inventories is determined on weighted average basis.

#### **Foreign Exchange Transactions**

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items denominated in foreign currencies are stated at the closing exchange rate. In the case of Monetary items covered by forward exchange contracts, the premium or discount arising at the inception of such a forward exchange contract is amortised as expense or income over the life of the contract and the difference between the year end rate and rate on the date of the contract is recognised as exchange difference in the Profit and Loss Account. Gains/Losses on conversion/translation have been recognised in the Profit and Loss Account.

#### Taxation

Income-tax expense comprises current tax, fringe benefit tax (i.e. amount of tax for the year determined in accordance with the income-tax laws) and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year). Provision for taxation for the Company's financial year ended on June 30, 2010 is based on the results of the 9 months ended March 31, 2010 (Assessment year 2010-11) and for the 3 months ended June 30, 2010 (Assessment year 2011-12). The ultimate liability for the Assessment year 2010-11 is determined on the total income of the Company for the year ending on March 31, 2010. The deferred tax charge or credit and the corresponding deferred tax liabilities and/or assets are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realised in future. However, where there is unabsorbed depreciation or carry forward losses under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each Balance Sheet date and are written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

The Fringe Benefit Tax has been calculated and accounted for in accordance with the provisions of the Income tax Act, 1961 and the guidance note on Accounting for Fringe Benefits Tax issued by the Institute of Chartered Accountants of India. Pursuant to enactment of Finance Act, 2009, Fringe Benefit tax stands abolished w.e.f. April 01, 2009.

#### **Borrowing cost**

Borrowing costs directly attributable to acquisition or construction of qualifying assets (i.e. those fixed assets which necessarily take a substantial period of time to get ready for their intended use) are capitalised. Other borrowing costs are recognised as an expense in the period in which they are incurred.

#### Leases

Lease payments under operating lease are recognised as an expense in the Profit and Loss Account on a straight line basis over the lease term with the lessor.

#### Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Contingent Liabilities are disclosed when the Company has a possible obligation or a present obligation and it is probable that a cash outflow will not be required to settle the obligation.

Contingent Assets are not recognized in financial statements as they may never be realized.

As these payments have been made in the capacity of a seconded employee/retired employee and not related to their directorship, provisions of Sections 198, 309, 310 and 314 of the Companies Act, 1956 are not applicable. Legal opinion confirms this position. Thus the same has not been considered as managerial remuneration.
