AOX-S rotation mixer

- Compact mixer for a wide range of materials
- With fast-running mixing tool (-610 rpm) and simultaneously rotating bucket for lump-free mixtures
- The edge wiper reinforces the mixing effect while preventing material deposits on the side of the bucket
- Exchangeable mixing tools for different material viscosities and thicknesses
- Highly mobile thanks to compact design and light weight
- A transport trolley is available as an accessory for transporting the buckets
- Ideal for thin-bed mortars, membrane compounds, tile and reinforcing adhesives, putty, mortar and much more
- The practical assistant for bricklayers, screed layers, floor layers, painters, restorers, etc.
