

PAINT MIXER

ROTOGEN | 1000

»The car paint shop's little helper«

Car paints simply mixed
automatically to perfection

- | Car refinish paints
- | Use in car refinishing shops
- | Small mixing volumes

Economical

Saves your costs by reducing mixing time and autonomous operation.

Process reliability

Excellent process reliability and consistent quality mixing results, no mixing by hand any more!

Easy handling

Easy and fast handling by Plug & Play concept for standard spray gun cup systems.

Features

- For mixing volumes of 50 ml – 1.0 Liter
- No cleaning required after mixing
- Prevents color variations
- No segregation and floating of pigments on the surface
- Wide range of adapters available for “out of spec” or special containers
- Efficient and fast homogenizing of many other materials in small containers and bottles
