

PLEASE ATTACH THIS FORM TO REQUEST FORM

These tests measure specific IgE levels in the blood and indicate sensitisation, but not necessarily an allergy to the allergen. Many sensitised patients may not develop clinical symptoms, while some who react to an allergen may not have detectable allergen-specific IgE in their blood. When requesting allergen-specific IgE testing, it is essential to consider the patient's history, as an allergy diagnosis cannot be based solely on laboratory results.

SPECIMEN: 10 mL clotted in gold top container.

NOTE: Medicare will fund a maximum of four patient episodes in any 12-month period. This includes a maximum of four single allergens or four mixes per episode. If not ordered at the same

time, additional patient episodes will require a new referral and specimen collection. Any tests requested beyond this limit will incur an out-of-pocket cost for the patient.

Allergen mixes are best used to refine the direction of individual allergen requests, which have better sensitivity and better specificity, prior to treatment. In children, due to lack of sensitivity and specificity, and to prevent unnecessary food avoidance, testing for individual allergens is preferred over mixes.

When one drug allergen is ordered, such as Amoxycillin, Clinical Labs will test all four available penicillins individually as a standard.

PLEASE ☒ TEST(S) REQUIRED	
☐ STANDARD ALLERGEN PANEL	ROS
Staple Food Mix: Egg White, Milk, Codfish, Wheat, Peanut, Soybean.	FP5
Grass Mix 1: Orchard, Meadow Fescue, Rye, Timothy, Kentucky Blue (June).	GP1
Animal Mix: Cat, Horse, Cow, Dog Danders.	EP1
House Dust & Mite Mix: <i>D. farinae</i> (Mite), <i>D. pteronyssinus</i> (Mite), House Dust (Hollister-Stier), Cockroach.	HP1

PLEASE ☒ TEST(S) REQUIRED	
☐ INHALANT ALLERGEN PANEL	ROI
Mould Mix: <i>Penicillium notatum</i> , <i>Cladosporium herbarum</i> , <i>Aspergillus fumigatus</i> , <i>Alternaria tenuis</i> , <i>Candida albicans</i> .	MP1
Grass Mix 1: Orchard, Meadow Fescue, Rye, Timothy, Kentucky Blue (June).	GP1
Animal Mix: Cat, Horse, Cow, Dog Danders.	EP1
House Dust & Mite Mix: <i>D. farinae</i> (Mite), <i>D. pteronyssinus</i> (Mite), House Dust (Hollister-Stier), Cockroach.	HP1

SEASONAL MIXES			
☐ Grass Mix 1: Orchard, Meadow Fescue, Rye, Timothy, Kentucky Blue (June).			GP1
☐ Grass Mix 2: Bermuda, Rye, Timothy, Kentucky Blue (June), Johnson, Paspalum (Bahia).			GP2
☐ Tree Mix: Olive, Willow, White Pine, Eucalyptus, Acacia, Melaleuca.			TP7
☐ Weed Mix: Common Ragweed, Mugwort, English Plantain, Lamb's Quarters, Russian Thistle.			WP1
SEASONAL INDIVIDUAL			
☐ Bermuda Grass	G2	☐ English Plantain	W9
☐ Johnson Grass	G10	☐ Acacia	T19
☐ Kentucky Blue (June) Grass	G8	☐ Australian Pine	T73
☐ Meadow Fescue Grass	G4	☐ Common Silver Birch	T3
☐ Orchard Grass	G3	☐ Elm	T8
☐ Paspalum (Bahia) Grass	G17	☐ Eucalyptus	T18
☐ Rye Grass	G5	☐ Italian Cypress	T23
☐ Sweet Vernal Grass	G1	☐ Olive Tree	T9
☐ Timothy Grass	G6	☐ Sycamore	T11
☐ Velvet Grass	G13	☐ White Pine	T16
☐ Common Ragweed	W1		
PERENNIAL MIXES			
☐ Animal Mix: Cat, Horse, Cow, Dog Danders.			EP1
☐ Animal Mix Feathers: Goose, Chicken, Duck, Turkey.			EP71
☐ Animal Mix Feathers: Budgerigar, Parrot, Canary.			EP72
☐ House Dust & Mite Mix: <i>D. farinae</i> (Mite), <i>D. pteronyssinus</i> (Mite), House Dust (Hollister-Stier), Cockroach.			HP1
☐ Mould Mix: <i>Penicillium notatum</i> , <i>Cladosporium herbarum</i> , <i>Aspergillus fumigatus</i> , <i>Alternaria tenuis</i> , <i>Candida albicans</i> .			MP1
PERENNIAL INDIVIDUAL			
☐ <i>D. farinae</i> (Mite)	D2	☐ Cat Epithelia	E1
☐ <i>D. pteronyssinus</i> (Mite)	D1	☐ Chicken Feathers	E85
☐ <i>Alternaria tenuis</i>	M6	☐ Cow Dander	E4
☐ <i>Aspergillus fumigatus</i>	M3	☐ Dog Dander	E5
☐ <i>Candida albicans</i>	M5	☐ Guinea Pig Epithelium	E6
☐ <i>Cladosporium herbarum</i>	M2	☐ Horse Dander	E3
☐ <i>Penicillium notatum</i>	M1	☐ Rabbit Epithelium	E82
☐ <i>Pityrosporum orbiculare</i>	M70		
DRUGS			
☐ Amoxycillin	C204	☐ Penicilloyl G	C1
☐ Ampicillin	C203	☐ Penicilloyl V	C2
OCCUPATIONAL			
☐ Isocyanate, HDI	K77	☐ Isocyanate, TDI	K75
☐ Isocyanate, MDI	K76	☐ Latex	K82
ENTEROTOXINS			
☐ Enterotoxin A (<i>S. aureus</i>)	O72	☐ Enterotoxin B (<i>S. aureus</i>)	O73
INSECTS			
☐ Cockroach	I6	☐ Mosquito	I71
☐ European Hornet	I75	☐ Paper Wasp Venom	I4
☐ Honey Bee Venom	I1	☐ Yellow Jacket Wasp Venom	I3
