

# Citizenship at P&G

In a challenging year, P&G and our brands stepped up for communities, equality and the environment to be a force for good and a force for growth.

## Community Impact

Since the start of the pandemic, we've donated **tens of millions of dollars** in cash, product and in-kind support to individuals, families and communities.

## Equality & Inclusion

The **P&G Take On Race Fund** helps fuel organizations that fight for justice and make our communities more equitable.

## Environmental Sustainability

Our new commitment to advance a series of natural climate solutions over the next 10 years will put us on track to be **carbon neutral for the decade**.

The P&G Children's Safe Drinking Water Program has provided **17 billion+ liters of clean drinking water** since 2004.

We instituted a **new global parental leave policy** to further advance gender equality by making child caregiving gender unbiased.

We are using renewable electricity across our U.S., Canada and Europe operations, enabling P&G to achieve a **52% reduction in greenhouse gas emissions globally**.

Last year, we responded to more than **20 global disasters**, including the Australian wildfires, Hurricane Dorian and the Elazig earthquake.

We created **"Can't Cancel Pride: COVID-19 Relief Benefit for the LGBTQ+ Community"** as a virtual relief effort to help the LGBTQ+ community.

In 2020, all of our 100+ manufacturing sites across 38 countries have been **qualified as zero manufacturing waste to landfill**.
